

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Teresa Mulea
DOCKET NO.: 19-25138.001-R-1
PARCEL NO.: 14-29-318-016-0000

The parties of record before the Property Tax Appeal Board are Teresa Mulea, the appellant(s), by attorney John W. Zapala, of the Law Offices of John Zapala, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,320
IMPR.: \$40,416
TOTAL: \$62,736

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling with 1,600 square feet of living area of masonry construction. The dwelling is 97 years old. Features of the home include a full basement and a two-car garage. The property has a 3,100 square foot site located in Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment equity as the bases of the appeal. In support of the overvaluation argument, the appellant submitted information on four comparable sales that ranged in size from 3,177 to 8,483 square feet of living area. In support of the assessment equity argument, the appellant submitted four comparables that ranged in size from 2,915 to 4,980 square feet of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,624. The subject's assessment reflects a market value of \$526,240 or \$328.90 per square foot of living area, including land, when applying the 2019 level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. The subject has an improvement assessment of \$32,784, or \$20.49 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on two equity comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the appellant submitted four comparable properties that ranged in size from 3,177 to 8,483 square feet of living area while the subject contains 1,600 square feet of living area. As such, the Board finds the appellant's comparable properties vary too greatly from the subject, in square foot of living area, to accurately reflect a range in which the subject's assessment should fall. The appellant did not meet the burden of proving by a preponderance of the evidence that the subject is overvalued. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the appellant submitted four comparable properties that ranged in size from 2,915 to 4,980 square feet of living area while the subject contains 1,600 square feet of living area. As such, the Board finds the appellant's comparable properties vary too greatly from the subject, in square foot of living area, to accurately reflect a range in which the subject's assessment should fall. The appellant did not meet the burden of proving by clear and convincing evidence that the subject is inequitably assessed. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
