

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: S & C Dinham
DOCKET NO.: 19-26243.001-R-1
PARCEL NO.: 05-18-215-007-0000

The parties of record before the Property Tax Appeal Board are S & C Dinham, the appellants, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$12,690
IMPR.: \$46,420
TOTAL: \$59,110

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame exterior construction with 2,108 square feet of living area. The dwelling is approximately 102 years old. Features of the home include a full unfinished basement, central air conditioning, a fireplace and a two-car garage. The property has a 7,050 square foot site and is located in Glencoe, New Trier Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on three comparables located within the same assessment neighborhood code as the subject.¹ The comparables are improved with class 2-04 dwellings of frame exterior construction that range in size from 2,374

¹ The appellants' grid analysis indicated a multi-pin property was submitted as comparables #1 and #2. This property has a total improvement assessment of \$34,140 or \$14.38 per square foot of living area.

to 2,818 square feet of living area and range in age from 66 to 126 years old. Two comparables each have a partial or a full basement with one having a finished recreation room. Two comparables have central air conditioning, one comparable has a fireplace and each comparable has a one-car or a two-car garage. The comparables have improvement assessments ranging from \$34,140 to \$43,200 or from \$14.38 to \$15.33 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment to \$34,255 or \$16.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,110. The subject has an improvement assessment of \$46,420 or \$22.02 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that are located within the same assessment neighborhood code as the subject. The comparables are improved with 1.5-story class 2-04 dwellings of frame exterior construction that range in size from 1,829 to 2,310 square feet of living area and range in age from 91 to 99 years old. Each comparable has a partial or a full unfinished basement and a fireplace. One comparable has central air conditioning. Three comparables each have a one-car or a two-car garage. The comparables have improvement assessments ranging from \$41,716 to \$56,784 or from \$22.81 to \$25.01 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven equity comparables for the Board's consideration. The Board gave less weight to the appellants' comparables due to their dissimilar ages and/or dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables which are more similar to the subject in age and dwelling size. These comparables have improvement assessments ranging from \$41,716 to \$56,784 or from \$22.81 to \$25.01 per square foot of living area. The subject's improvement assessment of \$46,420 or \$22.02 per square foot of living area is within the range on an overall improvement assessment basis established by the best comparables in this record but falls below the range on a square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellants failed to prove by clear and convincing evidence that the subject's improvement is inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
