

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hiren Shah  
DOCKET NO.: 19-27450.001-R-1  
PARCEL NO.: 08-24-117-002-0000

The parties of record before the Property Tax Appeal Board are Hiren Shah, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,550  
**IMPR.:** \$34,598  
**TOTAL:** \$38,148

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a three-story multi-family building of masonry exterior construction with 2,947 square feet of building area. The building is approximately 52 years old. Features of the building include three apartments, full basement with finished area and a two-car garage. The property has a 3,125 square foot site and is located in Des Plaines, Elk Grover Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story or three-story multi-family buildings of masonry exterior construction ranging in size from 3,351 to 4,718 square feet of building area. The comparables are each 52 years old. Each comparable has three apartments and a full basement. Three

comparables have either a 2-car or a 2.5 car garage. The comparables have improvement assessments ranging from \$33,494 to \$44,700 or from \$9.47 to \$10.21 per square foot of building area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$29,182 or \$9.90 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,148. The subject property has an improvement assessment of \$34,598 or \$11.74 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story multi-family buildings of masonry exterior construction ranging in size from 2,640 to 2,947 square feet of building area. The comparables range in age from 50 to 56 years old. Each comparable has a partial or a full basement with finished area. The comparables have improvement assessments ranging from \$35,953 to \$38,581 or from \$12.20 to \$14.29 per square foot of building area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their significantly larger dwelling sizes when compared to the subject. The Board finds the best evidence of improvement equity to be the board of review's comparables as they are most similar to the subject in location, design, exterior construction, age, building size, and/or some features, except each comparable lacked a garage, unlike the subject requiring upward adjustments to their improvement assessments. The board of review's comparables have improvement assessments ranging from \$35,953 to \$38,581 or from \$12.20 to \$14.29 per square foot of building area before adjustments for their lack of basements. Additionally, the Board finds that board of review's comparable #3 is identical to the subject in both age and building size with an improvement assessment of \$35,953 or \$12.20 per square foot of building area. The subject's improvement assessment of \$34,598 or \$11.74 per square foot of building area falls below the range established by the board of review's comparables and below that of the most similar property based on age and building size. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's improvement assessment is equitable and a reduction in the subject's assessment is not warranted. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
