

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Frank J Ungari  
DOCKET NO.: 19-27610.001-R-1  
PARCEL NO.: 14-19-313-039-0000

The parties of record before the Property Tax Appeal Board are Frank J Ungari, the appellant(s), by attorney Michael E. Stein, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$15,600  
**IMPR.:** \$62,559  
**TOTAL:** \$78,159

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame construction with two improvements with a total of 3,580 square feet of living area. The first improvement contains 1,480 square feet of living area and the second improvement contains 2,100 square feet of living area respectively. The first improvement was constructed in 1913 with features that include a full unfinished basement, and the second improvement was constructed in 1887 with features that include a crawl space, two fireplaces, and a two-car garage. The property has a 3,000 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. The appellant did not submit a legal brief in support of the contention of law argument in but support of the assessment inequity argument, the appellant submitted four equity comparables for consideration. The

appellant did not provide an exact location for the comparables but indicated they all shared the same neighborhood code as the subject. The comparables were improved with two-story dwellings of either frame or frame and masonry construction. The improvements ranged: in age from 115 to 130 years old; in size from 2,625 to 3,217 square feet of living area; and in improvement assessment from \$14.30 to \$16.28 per square foot of living area. Based on this evidence, the appellant requested an assessment of \$70,839.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for *both* improvements of \$65,352. The subject property has a total improvement assessment of \$49,752 or \$21.83 for the first improvement and \$20.39 for the second improvement. In support of its contention of the correct assessment the board of review submitted information on four equity comparables, either located within the subject's subarea or within a ¼-mile radius of its location. These comparables were improved with either one-and-a-half-story or two-story dwellings of either masonry or frame construction. The improvements ranged: in age from 110 to 127 years old; in size from 1,744 to 2,245 square feet of living area; and in improvement assessment from \$17.03 to \$27.11 per square foot of living area.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

For the first improvement, the Board finds the best evidence of assessment equity to be *appellant comparables #1 and #4* and *board of review comparables #2, #3, and #4*. These comparables were given greater weight due to their similar exterior construction relative to the subject. These comparables had improvement assessments that ranged from \$14.30 to \$23.74 per square foot of living area. The subject's first improvement assessment of \$21.83 per square foot of living area falls within the range established by the best comparables in this record. As for the second improvement, the Board finds the best evidence of assessment equity to be *appellant comparables #1 and #4* and *board of review comparables #2, #3, and #4*. These comparables were given greater weight due to their similar exterior construction relative to the subject. These comparables had improvement assessments that ranged from \$14.30 to \$23.74 per square foot of living area. The subject's second improvement assessment of \$20.39 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
