

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nick Fallico
DOCKET NO.: 19-27709.001-R-1
PARCEL NO.: 09-25-109-003-0000

The parties of record before the Property Tax Appeal Board are Nick Fallico, the appellant(s), by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,985
IMPR.: \$26,615
TOTAL: \$32,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 72-year-old, two-story, single-family dwelling of frame and masonry construction with 1,902 square feet of living area. The property has a 6,650 square foot site located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends overvaluation, assessment inequity, and contention of law as the bases of the appeal. In support of its market value argument, appellant completed Section IV – Recent Sale Data in its Residential Appeal Form indicating the subject property was purchased on September 12, 2019, for \$326,000 and the sale did not occur between family members. The subject property was sold using a realtor and was advertised for sale with the multiple listing service. Appellant also submitted a copy of the ALTA Settlement Statement.

In support of its inequity argument, appellant submitted information on five suggested equity comparables. Each of the comparable properties were improved with a two-story residence of either frame or frame and masonry construction. They ranged in living area square footage between 1,736 and 1,811 and in assessment between \$17.67 and \$18.35 per square foot of living area. Appellant also submitted a copy of the board of review's written decision reflecting a final assessment for the subject property of \$50,568. Based on this evidence, appellant requested a reduction in the subject's assessment to \$32,600.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$50,568 and an improvement assessment of \$44,583, or \$23.44 per square foot of living area. The assessment reflects a market value of \$505,680, or \$265.87 per square foot of living area, including land. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparables. Each were improved with a two-story residence of masonry and frame construction. They ranged in living area square footage between 1,621 and 1,874 and in assessment between \$23.99 and \$26.27 per square foot of living area. In addition, the board of review's comparable properties sold between 2017 and 2019 for amounts ranging from \$542,500 to \$615,000, or from \$289.49 to \$373.23 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the purchase of the subject property on September 12, 2019, for \$326,000. Appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. Appellant completed Section IV – Recent Sale Data in its Residential Appeal Form indicating the subject property was purchased on September 12, 2019, for \$326,000 and the sale did not occur between family members. The subject property was sold using a realtor and was advertised for sale with the multiple listing service. Appellant also submitted a copy of the ALTA Settlement Statement. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. Based on this record, the Board finds the subject property had a market value of \$326,000 as of January 1, 2019. Since market value has been determined the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2). A reduction in the subject's assessment commensurate with the sale price is appropriate. The Board now finds the subject property to be fairly and equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
