

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harold Rider
DOCKET NO.: 19-27733.001-R-1
PARCEL NO.: 01-10-102-028-0000

The parties of record before the Property Tax Appeal Board are Harold Rider, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$48,682
IMPR.: \$99,614
TOTAL: \$148,296

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 4,682 square feet of living area. The dwelling is approximately 90 years old. Features of the home include an unfinished full basement, central air conditioning, three fireplaces and a 1.5-car garage. The property has a 486,827 square foot site located in Barrington Hills, Barrington Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables that are located in the same neighborhood code as the subject. The comparables are improved with two-story class 2-06 dwellings of frame, masonry or frame and masonry exterior construction ranging in size from 4,260 to 4,558 square feet of living area. The comparables

range in age from 64 to 108 years old. One comparable lacks a basement and four comparables each have a full or partial basement, two of which have finished area. Each comparable has central air conditioning, one or two fireplaces and from a 2-car to a 4-car garage. The comparables have improvement assessments ranging from \$41,513 to \$54,701 or from \$9.74 to \$12.00 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$99,614 or \$21.28 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$171,645. The subject property has an improvement assessment of \$122,963 or \$26.26 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story class 2-08 dwellings of masonry or frame and masonry exterior construction ranging in size from 4,546 to 4,772 square feet of living area. The comparables range in age from 15 to 34 years old. The comparables each have a full or partial basement, three of which have finished area. Each comparable has central air conditioning, from one to three fireplaces and a 3-car or a 4-car garage. The comparables have improvement assessments ranging from \$57,744 to \$65,962 or from \$12.29 to \$14.51 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board has given less weight to the board of review comparables which are significantly newer in age than the subject. The Board finds the appellant's comparables are similar to the subject in location, design, dwelling size and some features. The appellant's comparables have improvement assessments ranging from \$41,513 to \$54,701 or from \$9.74 to \$12.00 per square foot of living area. The subject's improvement assessment of \$122,963 or \$26.26 per square foot of living area falls above the range established by the best comparables in this record and is found by the Board to be excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
