

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Wael Alzir  
DOCKET NO.: 19-28675.001-R-1  
PARCEL NO.: 28-10-300-081-0000

The parties of record before the Property Tax Appeal Board are Wael Alzir, the appellant(s), by attorney Anthony M. Farace, of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$2,609  
**IMPR.:** \$19,701  
**TOTAL:** \$22,310

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 38-year-old, two-story, building of masonry construction containing 3,984 square feet of gross building area. Features of the subject include a full basement. The property is situated on 9,490 square feet in Midlothian, Bremen Township, Cook County. The property is a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a Warranty Deed and a settlement statement disclosing the subject property was purchased on November 1, 2016, for \$210,000 in an all-cash transaction. The subject's sale price reflects a market value of \$52.71 per square foot of gross building area including land. The appellant also submitted a Multiple Listing Service (MLS) information sheet disclosing the subject was sold short in an "as is" condition. The appellant included information in Section IV–

Recent Sale Data of the Residential Appeal that the subject was not sold as a transfer between related parties; and was advertised and sold through a realtor. The appellant failed to disclose how the transaction was settled.

The appellant also submitted five suggested comparable sale properties in support of his overvaluation argument. Three of these properties sold in 2014; one sold in 2015; and one sold in 2016 for prices ranging from \$55.47 to \$67.77 per square foot of gross building area including land.

Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when using the 2019 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,672. The subject's assessment reflects a market value of \$266,720, or \$66.95 per square foot of gross building area, when using the 2019 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. The board of review submitted three comparable sales in support of the correct assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

In addressing the appellant's market value argument with regards to the recent sale, the Board finds that the sale of the subject in November 2016 for \$210,000 is a "compulsory sale." The evidence disclosed that the subject was sold as "REO" property. REO is an abbreviation for "real estate owned." Black's Law Dictionary, "REO" (10th ed. 2014). Real Estate Owned is defined as "Property acquired by a lender, usu. through foreclosure, in satisfaction of a debt. - Abbr. REO." Black's Law Dictionary, "real estate owned" (10th ed. 2014). A "compulsory sale" is defined as:

- i) the sale of real estate for less than the amount owed to the mortgage lender or mortgagor, if the lender or mortgagor has agreed to the sale, commonly referred to as a "short sale" and
- (ii) the first sale of real estate owned by a financial institution as a result of a judgment of foreclosure, transfer pursuant to a deed in lieu of foreclosure, or consent judgment, occurring after the foreclosure proceeding is complete.

35 ILCS 200/1-23. Real property in Illinois must be assessed at its fair cash value, which can only be estimated absent any compulsion on either party.

Illinois law requires that all real property be valued at its fair cash value, estimated at the price it would bring at a fair voluntary sale where the owner is ready, willing, and able to sell but not compelled to do so, and the buyer is likewise ready, willing, and able to buy, but is not forced to do so.

Bd. of Educ. of Meridian Cmty. Unit Sch. Dist. No. 223 v. Ill. Prop. Tax Appeal Bd., 961 N.E. 2d 794, 802 (2d Dist. 2011) (citing Chrysler Corp. v. Ill. Prop. Tax Appeal Bd., 69 Ill. App. 3d 207, 211 (2d Dist. 1979)).

The Board may consider market value evidence, such as sales of comparable properties submitted by the parties, to determine whether the subject was sold at fair cash value. 86 Ill.Admin.Code §1910.65(c)(4); *See Calumet Transfer LLC v. Illinois Property Tax Appeal Board*, 401 Ill.App.3d 652 (1st Dist. 2010).

The appellant submitted five comparable sale properties to establish that the sale of the subject was for fair cash value. Three of these comparable properties sold in 2014; one in 2015; and one in 2016. Only one of these suggested properties, the one sold in 2016, sold recently to the current 2019 lien year. The board of review submitted three sales comparables. One of these comparable properties sold in 2016 and two of these comparable properties sold in 2017.

The Board finds the best evidence of market value to be the appellant's comparable sale #2 and the board of review comparable sales #1, #2, and #3. These comparables sold for prices ranging from \$55.47 to \$62.03 per square foot of living area, including land. The Board finds that the best evidence comparables are insufficient corroborative evidence to prove by a preponderance of the evidence that the sale price of \$210,000 or \$52.71 per square foot of gross building area including land, is indicative of market value. However, the Board does find that the subject's assessment reflects a market value of \$66.95 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
