

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Satherlie Properties LLC
DOCKET NO.: 19-29542.001-C-1
PARCEL NO.: 14-18-209-001-0000

The parties of record before the Property Tax Appeal Board are Satherlie Properties LLC, the appellant, by attorney Nicholas T. McIntyre, of Much Shelist, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$187,450
IMPR.: \$58,799
TOTAL: \$246,249

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 14,996 square foot site that has been improved with a warehouse used for packaging, distribution and office space. The subject property is located in the Chicago, West Chicago Township, Cook County. The subject is classified as a Class 5 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends land assessment inequity as the basis of the appeal. In support, the appellant submitted evidence that the subject property is located along rail tracks on Ravenswood Avenue and submitted photographs and copy of a Sidwell map in support. Additionally, the appellant argues that it owns the two contiguous parcels of land to the subject property with PINs ending in -002 and -003 that both have lower assessed land values. As further support, appellant provided the PINs of parcels to both the north and south of the subject

parcel along the rail tracks that have lower assessed land valuations. Based on this evidence, the appellant requested an assessment reduction to \$152,524.

The board of review submitted its "Board of Review-Notes on Appeal" disclosing the total assessment for the subject of \$246,249. The subject property has a land assessment of \$187,450 or \$12.50 per square foot of land area. The board of review did not submit any evidence in support of its Notes on Appeal. The board of review requested confirmation of the subject's assessment.

The matter was set for a hearing before an ALJ on January 16, 2024. Before the scheduled hearing, however, the parties entered into a written agreement to waive the hearing and have the matter decided on the evidence that had been submitted.

Conclusion of Law

The taxpayer asserts assessment inequity as the basis of the appeal. The Illinois Constitution requires that real estate taxes, "be levied uniformly by valuation ascertained as the General Assembly shall provide by law." Ill. Const. art. IX, §4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). This uniformity provision of the Illinois Constitution does not require absolute equality in taxation, however, and it is sufficient if the taxing authority achieves a reasonable degree of uniformity. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof needed for a conviction of a crime. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

While the board of review failed to submit supporting evidence, the appellant ultimately had the burden of showing assessment inequity by clear and convincing evidence. Appellant's comparables are for class 5-93 or industrial buildings, while the subject property is a class 5-22 or garage. Additionally, comparables #3 and #4 are significantly smaller in size than the subject property and too dissimilar to be considered strong comparables. With limited information on only one comparable, the appellant failed to meet the burden of proof. For the reasons stated above, the appellant failed to satisfy this burden, and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
