

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles Zachow
DOCKET NO.: 19-30309.001-R-1
PARCEL NO.: 09-14-420-026-0000

The parties of record before the Property Tax Appeal Board are Charles Zachow, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,425
IMPR.: \$17,631
TOTAL: \$20,056

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,254 square feet of living area. The dwelling is 58 years old. Features include a full unfinished basement, central air conditioning, and a fireplace. The property has a 2,695 square foot site and is located in Niles, Maine Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-95 dwellings of masonry exterior construction with 1,280 square feet of living area. The dwellings range in age from 57 to 59 years old. The comparables have partial or full basements with one having finished area and central air conditioning. The comparables have improvement assessments ranging from \$15,247 to \$16,594 or from \$11.91 to

\$12.96 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$15,863 or \$12.65 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$20,056. The subject property has an improvement assessment of \$17,631 or \$14.06 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction with 1,254 square feet of living area. The dwellings range in age from 55 to 58 years old. The comparables have a full basement with two having finished area, central air conditioning, and a fireplace. The comparables have improvement assessments ranging from \$17,625 to \$17,882 or from \$14.06 to \$14.26 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparable #1 and board of review comparables #1 and #2 which have a full finished basement when compared to the subject's full unfinished basement.

The Board finds the best evidence of assessment equity to be both parties' remaining comparables which are similar to the subject in location, design, exterior construction, dwelling size, full unfinished basement, and other features. Additionally, the board of review comparables are identical to the subject in dwelling size and almost all other property characteristics. Both parties' remaining comparables have improvement assessments ranging from \$16,379 to \$17,808 or from \$12.80 to \$14.20 per square foot of living area. The subject's improvement assessment of \$17,631 or \$14.06 per square foot of living area falls within the range established by the best comparables contained in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the

parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
