

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lonnie & Gloria Norwood
DOCKET NO.: 19-30574.001-R-1
PARCEL NO.: 20-36-405-029-0000

The parties of record before the Property Tax Appeal Board are Lonnie & Gloria Norwood, the appellant(s), by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,375
IMPR.: \$7,375
TOTAL: \$10,750

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 93-year-old, one-and-a-half-story, single-family dwelling of masonry construction with 1,890 square feet of living area. The property has a 3,750 square foot site and is located in Chicago, Hyde Park Township, Cook County. The property is a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends overvaluation as the basis of the appeal. In support of this argument, appellant submitted an appraisal estimating the subject property had a market value of \$107,500 as of April 16, 2018. The appraisal report indicates the appraiser physically inspected the subject property and utilized the Sales Comparison Approach based on three sales comparables in determining the market value of the subject property. Appellant also submitted a copy of the Board of Review's written decision reflecting a total assessment for the subject property of

\$11,250. Based on this evidence, appellant requests the subject property's total assessment be reduced to \$10,750.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,250. The subject's assessment reflects a market value of \$112,500, or \$59.52 per square foot of living area, including land, when applying the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted four comparable sales properties. The comparable properties were improved with either a one-story or a one-and-one-half-story, single-family dwelling of either masonry or stucco construction, with living square foot area between 1,835 and 2,228. They sold between March 2019 and July 2019 for prices ranging between \$75.05 to \$112.21 per square foot of living area, including land.

Conclusion of Law

Appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds appellant *did meet* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be *the appraisal submitted by appellant*. The appraisal report indicates the appraiser visited the subject property and utilized the Sales Comparison Approach based on three sales comparables in determining the market value of the subject property. In determining the market value estimation, the appraiser took into account the differences between the subject property and the comparables. The subject's assessment reflects a market value above the best evidence of market value in the record. The Board finds the subject property had a market value of \$107,500 as of the assessment date at issue. Since market value has been established the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. (86 Ill.Admin.Code §1910.50(c)(2)).

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
