

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANTS: Kou & Sylvia Sun  
DOCKET NO.: 19-30985.001-R-1  
PARCEL NO.: 02-30-113-020-0000

The parties of record before the Property Tax Appeal Board are Kou & Sylvia Sun, the appellants; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,150  
**IMPR.:** \$45,993  
**TOTAL:** \$52,143

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 3,613 square feet of living area. The dwelling is approximately 36 years old. Features of the home include a full unfinished basement, central air conditioning, one fireplace and a three-car garage. The property has a 9,840 square foot site located in Hoffman Estates, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of brick and vinyl exterior construction ranging in size from 3,737 to 4,117 square feet of living area. The dwellings are each 31 years old. The comparables have full basements, one of which has finished area. Each comparable

has central air conditioning, one or two fireplaces and a two-car or a three-car garage. The comparables have improvement assessments ranging from \$41,049 to \$48,829 or from \$10.14 to \$12.74 per square foot of living area.<sup>1</sup> Based on this evidence, the appellants requested that the subject's improvement assessment be reduced to \$42,561 or \$11.78 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$52,143. The subject property has an improvement assessment of \$45,993 or \$12.73 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with two-story dwellings of frame or frame or masonry exterior construction ranging in size from 3,176 to 3,456 square feet of living area. The dwellings range in age from 31 to 36 years old. The comparables have partial or full basements, one of which has finished area. Each comparable has central air conditioning, one fireplace and a two-car garage. The comparables have improvement assessments ranging from \$40,561 to \$44,487 or from \$12.77 to \$13.09 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gave less weight to the appellants' comparables #1, #2 and #3 and the board of review's comparables #1 and #2 due to their dissimilar dwelling sizes and/or finished basement areas when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables as there are most similar to the subject property in location, design, age, dwelling size and most features. These comparables have improvement assessments ranging from \$44,484 to \$47,619 or from \$12.74 to \$13.09 per square foot of living area. The subject's improvement assessment of \$45,993 or \$12.73 per square foot of living area falls within the range established by the best comparables in this record on a total improvement assessment basis and below the range on a per square foot basis. Based on this record, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

---

<sup>1</sup>The Board determined the improvement assessment for each comparable from the evidence provided by the appellant and calculated the per square foot basis for each.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
