

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David White
DOCKET NO.: 19-31464.001-R-1
PARCEL NO.: 04-35-103-014-0000

The parties of record before the Property Tax Appeal Board are David White, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,255
IMPR.: \$51,398
TOTAL: \$59,653

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 2,873 square feet of living area. The dwelling is approximately 67 years old. Features of the property include a crawl space foundation, central air conditioning, one fireplace and a one-car garage. The property has a 6,350 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject. The comparables are improved with class 2-06 dwellings of frame or frame and masonry exterior construction ranging in size from 2,880 to 3,483 square feet of living area. The dwellings are

either 63 or 64 years old. Three comparables each have a crawl space foundation and one comparable has a partial unfinished basement. Each comparable has central air conditioning, either one or two fireplaces and a two-car garage. The comparables have improvement assessments ranging from \$40,618 to \$67,546 or from \$14.10 to \$19.39 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$51,398 or \$17.89 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,102. The subject property has an improvement assessment of \$59,847 or \$20.83 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story class 2-06 dwellings of frame or frame and masonry exterior construction ranging in size from 2,373 to 2,822 square feet of living area. The dwellings range in age from 72 to 81 years old. Each comparable has a full basement, three of which have finished area. Each comparable has central air conditioning, either one or two fireplaces and either a one-car or a two-car garage. The comparables have improvement assessments ranging from \$51,992 to \$64,177 or from \$21.88 to \$22.74 per square foot of living area. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The board gives less weight to the appellant's comparable #3 and the board of review comparables due to their basement foundations when compared to the subject's crawl space foundation.

The Boards finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #4 which are relatively similar to the subject in dwelling size, age, foundation and other features. These comparables have improvement assessments ranging from \$40,618 to \$67,546 or from \$14.10 to \$19.39 per square foot of living area. The subject's improvement assessment of \$59,847 or \$20.83 per square foot of living area falls within the range established by the best comparables in this record on an overall basis but above this range on a per square foot basis. However, based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
