

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charlene Sales
DOCKET NO.: 19-31486.001-R-1
PARCEL NO.: 04-08-302-026-0000

The parties of record before the Property Tax Appeal Board are Charlene Sales, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$22,750
IMPR.: \$67,956
TOTAL: \$90,706

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 5,663 square feet of living area. The dwelling is approximately 28 years old. Features of the home include a partial unfinished basement, central air conditioning, two fireplaces and a three-car garage. The property has a 17,500 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located in the same neighborhood code as the subject. The comparables are improved with class 2-09 dwellings of masonry or frame and masonry exterior construction ranging in size from 5,146 to 6,567 square feet of living area. The comparables range in age

from 25 to 35 years old. The comparables each have a full basement, two of which have finished area. Each comparable has central air conditioning, from one to three fireplaces and from a three-car to a four-car garage. The comparables have improvement assessments ranging from \$55,117 to \$75,402 or from \$10.71 to \$12.10 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$64,955 or \$11.47 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$104,035. The subject property has an improvement assessment of \$81,285 or \$14.35 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with two-story class 2-09 dwellings of masonry exterior construction ranging in size from 5,083 to 7,089 square feet of living area. The comparables range in age from 4 to 25 years old. The comparables each have a full basement, two of which have finished area. Each comparable has central air conditioning, two or three fireplaces and from a three-car to a four-car garage. The comparables have improvement assessments ranging from \$61,261 to \$110,809 or from \$10.59 to \$21.80 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3, as well as the board of review comparables #1, #3 and #4 due to their finished basement areas, newer ages and/or larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #4, as well as the board of review comparable #2 which are similar to the subject property in age, dwelling size and features. These comparables have improvement assessments ranging from \$55,117 to \$70,343 or from \$10.71 to \$12.10 per square foot of living area. The subject's improvement assessment of \$81,285 or \$14.35 per square foot of living area falls above the range established by the best comparables in this record and is excessive. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
