

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jacek Malczynski
DOCKET NO.: 19-31556.001-R-1
PARCEL NO.: 01-12-201-005-0000

The parties of record before the Property Tax Appeal Board are Jacek Malczynski, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,447
IMPR.: \$71,462
TOTAL: \$77,909

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 3,750 square feet of living area. The dwelling is approximately 13 years old. Features of the home include a full basement, central air conditioning, a fireplace, and a three-car garage. The property has a 21,492 square foot site located in Barrington Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. The appellant's comparable properties have improvement assessments that range from \$14.52 to \$15.75 per square foot of improvements. The appellant's comparables are 30, 32, 41, and 42 years old.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$77,909. The subject property has an improvement assessment of \$71,462 or \$19.06 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The board of review's comparable properties range from \$19.64 to \$19.95 per square foot of improvements. The board's comparable properties are 4, 7, and 16 years old.

In written rebuttal, the appellant stated that the board of review's comparable properties are located in assessor's neighborhood 31 while the subject is located in assessor's neighborhood 11. The Board notes the subject and all of the board of review's comparable properties are located in assessor's neighborhood 11.

At hearing, the appellant reviewed his comparable properties and stated the board of review's comparable properties are located in a different neighborhood. The appellant stated there is difference between properties located near the Metra Train Station and properties located in a more residential area. The board of review's representative reviewed the board's comparable properties and stated the appellant's comparable properties are older than the subject property while the board of review's comparable properties are similar in age to the subject property.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of assessment equity to be the appellant's comparable properties #1 and #2 and the board of review's comparables #1 and #2. These comparables had improvement assessments that ranged from \$14.52 to \$19.75 per square foot of living area. The subject's improvement assessment of \$19.06 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
