

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mary Lynn Kuffel
DOCKET NO.: 19-31905.001-R-1
PARCEL NO.: 09-24-325-021-0000

The parties of record before the Property Tax Appeal Board are Mary Lynn Kuffel, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,192
IMPR.: \$22,923
TOTAL: \$28,115

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 1,127 square feet of living area. The dwelling is approximately 72 years old. Features of the home include a full unfinished basement, central air conditioning and a 2-car garage.¹ The property has a 6,700 square foot site located in Niles, Maine Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of masonry or frame and masonry exterior

¹ The appellant's grid analysis indicated the subject property had central air conditioning while the board of review's evidence did not. The appellant also supplied evidence from the Cook County Assessor's Office in support.

construction ranging in size from 1,064 to 1,380 square feet of living area. The dwellings are either 72 or 77 years old. Each comparable has a full unfinished basement and central air conditioning. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$15,489 to \$20,686 or from \$13.12 to \$14.99 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$15,489 or \$13.74 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,115. The subject property has an improvement assessment of \$22,923 or \$20.34 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with two-story dwellings of masonry exterior construction ranging in size from 1,068 to 1,218 square feet of living area. The dwellings are either 73 or 77 years old. The comparables have partial or full basements, one of which has finished area. One comparable has central air conditioning. Two comparables have either one or two fireplaces. Each comparable has a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$23,842 to \$26,865 or from \$22.06 to \$23.48 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 and the board of review's comparable #2 due to their lack of a garage, larger dwelling size or finished basement area, respectively, when compared to the subject.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables as they are most similar to the subject in location, design, exterior construction, age, dwelling size, unfinished basement and/or some features. These comparables have improvement assessments ranging from \$15,489 to \$25,856 or from \$13.12 to \$23.48 per square foot of living area. The subject's improvement assessment of \$22,923 or \$20.34 per square foot of living area falls within the range established by the best comparables in this record and is lower than three of the best comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
