

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Youkhana  
DOCKET NO.: 19-31934.001-R-1  
PARCEL NO.: 04-33-208-017-0000

The parties of record before the Property Tax Appeal Board are John Youkhana, the appellant; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,080  
**IMPR.:** \$37,894  
**TOTAL:** \$46,974

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of frame exterior construction with 1,872 square feet of living area. The dwelling is approximately 59 years old, has a partial unfinished basement, central air conditioning, and a 1.5-car garage.<sup>1</sup> The property has a 12,107 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables that are located within the same neighborhood code and same block as the subject

property. The comparables are improved with two-story or split-level dwellings of frame or frame and masonry exterior construction ranging in size from 1,779 to 2,034 square feet of living area. The dwellings are each 59 years old. Each comparable has a partial or full basement with two having finished area. Each comparable has central air conditioning. Two comparables each have one fireplace. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$29,484 to \$35,045 or from \$14.50 to \$18.72 per square foot of living area.<sup>2</sup> Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$29,484 or \$15.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,974. The subject property has an improvement assessment of \$37,894 or \$20.24 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code and the same block as the subject. The comparables are improved with two-story dwellings of frame exterior construction with 1,729 square feet of living area. The dwellings are 59 or 60 years old. Each comparable has a partial finished or full unfinished basement. Three comparables each have central air conditioning. One comparable has a fireplace. Each comparable has either a 1-car, a 1.5-car, or a 2-car garage. The comparables have improvement assessments ranging from \$33,370 to \$47,457 or from \$19.30 to \$27.45 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 and the board of review comparable #1 due to their dwellings dissimilar split-level design and/or finished basements when compared to the subject, which has a two-story design and an unfinished basement.

The Board finds the best evidence of assessment equity to be both parties' remaining comparables. These four comparables are similar to the subject in location, design, exterior construction, age, dwelling size, unfinished basement area, and some features. These four comparables have improvement assessments ranging from \$29,484 to \$47,457 or from \$14.50 to \$27.45 per square foot of living area. The subject's improvement assessment of \$37,894 or \$20.24 per square foot of living area falls within the range established by the best comparables

<sup>2</sup> The Board calculated the improvement assessment per square foot of living area for each of the appellant's comparables that was omitted from the appellant's grid analysis.

contained in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

Clerk of the Property Tax Appeal Board

**IMPORTANT NOTICE**

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
