

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Aryn Ali
DOCKET NO.: 19-32143.001-R-1
PARCEL NO.: 06-30-402-017-0000

The parties of record before the Property Tax Appeal Board are Aryn Ali, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,048
IMPR.: \$35,952
TOTAL: \$39,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 11,087 square foot parcel of land improved with a 10-year-old, two-story, frame, single-family dwelling containing 4,154 square feet of building area. The property is located in Bartlett, Hanover Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity as the basis of the appeal. However, the appellant did not submit equity evidence. The appellant submitted data on three suggested sales comparables. These comparables contain from 4,154 square feet of building area and sold from April 2017 to February 2018 for prices ranging from \$80.65 to \$96.29 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's assessment of \$42,252 with an improvement assessment of \$39,204 or \$9.44 per square foot of

building area. The total assessment reflects a market value of \$422,520 or \$101.71 per square foot of building area using when using the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of the current assessment, the board of review submitted data on four suggested comparables. These comparables contain 4,154 square feet of building area and have improvement assessment from \$9.60 to \$9.94 per square foot of building area. Comparable #4 sold in April 2017 for \$87.63 per square foot of building area. This comparable was also submitted by the appellant as comparable #2.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the board of review's comparables. These comparables had improvement assessments ranging of \$9.60 to \$9.94 per square foot of building area. The remaining comparables were given no weight due to lack of assessment data. In comparison the subject's improvement assessment of \$9.44 per square foot of building area is within the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements is not justified.

The appellant submitted evidence arguing that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds that the best comparables to be the appellant's comparables and the board of review's comparable #4. These three properties sold from April 2017 to February 2018 for prices ranging from \$80.65 to \$96.29 per square foot of building area. In comparison, the subject's assessment reflects a market value of \$101.71 per square foot of building area which is above the range of these comparables. Therefore, the Board finds the appellant has proven by a preponderance of the evidence that the subject was overvalued, and a reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
