

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Allen Szumanski
DOCKET NO.: 19-32153.001-R-1
PARCEL NO.: 08-14-401-112-0000

The parties of record before the Property Tax Appeal Board are Allen Szumanski, the appellant, by attorney Herbert B. Rosenberg, of Rock Fusco & Connelly, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,961
IMPR.: \$46,039
TOTAL: \$54,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of masonry construction with 5,774 square feet of living area. The building is 46 years old. Features of the home include a full basement with an apartment. The property has a 12,249 square foot site and is located in Elk Grove Village, Elk Grove Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$540,000 as of January 1, 2019. The appraisal relied on the sales comparison approach, and it contained information on six comparable sales. The comparable properties sold between November 2017 and September 2018. The comparable properties ranged: in price between \$497,500 to \$577,000;

in size between 4,050 to 5,774 square feet of living area; and in sale price per square foot between \$99.93 to \$135.80, including land.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,816. The subject's assessment reflects a market value of \$718,160 or \$124.38 per square foot of living area, including land, when applying the level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. All were improved with a two-story, single-family dwelling of masonry construction with a full basement. The improvements ranged: in age between 63 and 67 years old; in size between 1,131 and 1,364 square feet of living area; and in sale price per square foot between \$129.40 and \$190.10, including land.

In written rebuttal, the appellant argued the strengths and similarities of their comparables over the board of review's comparables, specifically distinguishing between size and classification differences. All of the comparable properties provided by the board of review were identified as single-family rather than multi-family dwellings. The appellant reaffirmed the request for an assessment reduction to \$54,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of the subject's market value is the appraisal submitted by the appellant. That appraisal employed the sales comparison approach, relying upon recent sales of six suggested comparable properties. The appraisal stated that the sale prices of the suggested comparable properties were similar enough to warrant no adjustment to account for differences between them and the subject, and the appraiser determined that the subject's market value was \$540,000. In contrast, the board of review's evidence consists of data concerning significantly dissimilar properties in both classification and size.

Accordingly, the Board finds the subject property had a market value of \$540,000 as of the assessment date at issue. Based on the evidence, the Board therefore finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
