

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Odonnell
DOCKET NO.: 19-32274.001-R-1
PARCEL NO.: 04-25-116-011-0000

The parties of record before the Property Tax Appeal Board are Kevin Odonnell, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,524
IMPR.: \$99,523
TOTAL: \$127,047

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 19-year-old two-story, single-family dwelling of masonry construction with 3,592 square feet of living area. Features of the home include a partial basement with a formal recreation room, central air conditioning, a fireplace and a two-car garage. The property has a 23,934 square foot site and is located in Glenview, Northfield Township, Cook County. The property and is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted limited information on five Class 2-78 comparables with varying degrees of similarities to the subject. The appellant did not report the exact proximity of the comparables to the subject but disclosed they have the same neighborhood code as the subject. The comparables had improvement assessments ranging from \$69,322 to \$111,482 or

from \$18.80 to \$23.05 per square foot of living area. The appellant requested the subject's total assessment be reduced to \$105,362.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$127,047. The subject property has an improvement assessment of \$99,523 or \$27.71 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the same subarea as the subject with two comparables located within a ¼ mile radius of the subject. The comparables are improved with two-story dwellings ranging in size from 3,390 to 3,634 square feet of living area. The comparables range in age from 10 to 19 years old. The comparables have improvement assessments ranging from \$103,361 to \$112,186 or from \$30.35 to \$31.70 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proven by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not* meet this burden of proof, and that a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be the board of review's equity comparables. These equity comparables had improvement assessments ranging from \$30.35 to \$31.70 per square foot of living area. The subject's improvement assessment of \$27.71 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellant has not proven, with clear and convincing evidence, that the subject is inequitably assessed, and that a reduction in the subject's assessment *is not* warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
