

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Slifo Dankha
DOCKET NO.: 19-32730.001-R-1
PARCEL NO.: 09-13-105-018-0000

The parties of record before the Property Tax Appeal Board are Slifo Dankha, the appellant(s), by attorney Stephanie Park, of Park & Longstreet, P.C. in Inverness; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,210
IMPR.: \$29,292
TOTAL: \$35,502

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 58-year-old, multi-level, single-family dwelling of masonry construction with 1,714 square feet of living area. Features of the home include a partial finished basement with a formal recreation room, five bedrooms and central air conditioning. The property has an 8,013 square foot site and is located in Morton Grove, Maine Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the bases of the appeal. In support of the market value argument, the appellant submitted four comparable sales with varying degrees of similarity to the subject. The comparables were located within ¼ radius mile of the subject. They sold from July 2017 to December 2018 for prices ranging from \$180.63 to \$196.83 per square foot of living

area, including land. Based on the submitted evidence, the appellant requested the subject's total assessment be reduced to \$30,960

The appellant also indicated a contention of law as a basis of this appeal. Included in the submitted evidence was a brief entitled "Brief in support of Residential Appeal" which provided that the submitted comparables had recently sold and were similar to the subject in neighborhood, class, type of construction, style, size, age and other amenities. Neither the appellant's brief nor submitted evidence provided evidence to support a contention of law as a basis for this appeal.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$35,502 with an improvement assessment of \$29,292 or \$17.09 per square foot of living area. The total assessment reflects a market value of \$355,020 or \$207.13 per square foot of living area, including land, using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The sales occurred from May 2017 to May 2019 for prices ranging from \$215.45 to \$237.37 per square foot of living area, including land. The comparables were located within a ¼ mile radius of the subject with one comparable located within a block of the subject. The board of review requested confirmation of the subject's assessment.

Prior to a scheduled November 9, 2023, hearing before a PTAB Administrative Law Judge the parties entered into a written agreement to waive hearing and have a decision rendered based on the previously submitted evidence.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the taxpayer must prove the value of the property by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); *Winnebago County Bd. of Review v. Property Tax Appeal Bd.*, 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment on this basis is not warranted.

The Board finds the best evidence of market value to be the appellant's comparables #1 and the board of review's comparables #3 and #4. These comparables had sales prices ranging from \$180.63 to \$235.60 per square foot of building area, land included. The subject's assessment reflects a market value of \$207.13 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering adjustments to the comparables for differences from the subject, the Board finds the subject's market value is supported. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
