

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eleanor Markos
DOCKET NO.: 19-34636.001-R-1
PARCEL NO.: 09-24-317-053-0000

The parties of record before the Property Tax Appeal Board are Eleanor Markos, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,231
IMPR.: \$17,769
TOTAL: \$24,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject consists of an owner occupied 65-year-old, one and one half-story single family dwelling of frame and masonry construction with 1,360 square feet of living area. Features of the home include a full basement with a formal recreation room and a two-car garage. The property has an 8,040¹ square foot site, and is located in Niles, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation. In support of the market value argument, the appellant submitted four suggested sales comparable properties with varying degrees of similarity to the

¹ Appellant incorrectly lists the parcel site as 3,250 square feet in the appellant's Residential Appeal Section V-Comparable Sales/Assessment Grid analysis form. The board finds that the subject sits on an 8,050 square foot parcel of land.

subject. The appellant did not report the exact proximity of the suggested comparable properties to the subject but disclosed that they had the same neighborhood code as the subject. These comparable properties sold between 2017 and 2019 for \$190,313 to \$285,000 or \$126.06 to \$188.32 per square foot of living area, including land. Based on the submitted evidence, the appellant requested the subject's total assessment be reduced to \$21,847.

The board of review submitted its "Board of Review Notes on Appeal". The subject property listed on the board's notes on appeal was a property other than the subject property. The board of review submitted information on three suggested comparable sales with varying degrees of similarity to the subject. The comparable properties were located in a different city than the subject.

The subject's assessment reflects a market value of \$291,740, or \$214.51 per square foot of living area, including land, when applying the statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be appellant's comparable properties #1 through #4. These comparable properties sold for prices ranging from \$126.06 to \$188.32 per square foot of living area, including land. The subject's assessment reflects a market value of \$214.51 per square foot of living area, including land, which is above the range established by the best comparable properties in this record. After considering all the comparable properties submitted by the parties with emphasis on those properties that are more proximate in location and with similar features relative to the subject and after further considering adjustments to the best comparable properties for differences from the subject, the Board finds the subject's improvement assessment is not supported. The Board finds that the appellant demonstrated by a preponderance of the evidence that the subject was overvalued and, therefore, a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
