

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael D Bulava
DOCKET NO.: 19-34644.001-R-1
PARCEL NO.: 09-27-408-001-0000

The parties of record before the Property Tax Appeal Board are Michael D Bulava, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,332
IMPR.: \$22,049
TOTAL: \$27,381

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 67-year-old, one-story, single-family dwelling of masonry construction with 1,044 square feet of living area. Features of the home include a partial finished basement with a formal recreation room, a fireplace and a one-car garage. The property has a 6,273 square foot site and is located in Park Ridge, Maine Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four suggested sales comparables with varying degrees of similarity to the subject. The appellant did not report the exact proximity of the suggested comparables to the subject but disclosed that they had the same neighborhood code as the subject. The comparables are described as single-family dwellings of either frame or masonry

construction. They ranged in age from 55 to 68 years and in size from 1,330 to 1,654 square feet of living area. They sold from May 2017 to November 2019 for prices ranging from \$124.73 to \$249.40 per square foot of building area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$27,381 which reflects a market value of \$273,810 or \$262.27 per square foot of building area using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted four sales comparables located either in the same subarea as the subject or within a ¼ mile radius of the subject. The comparables are described as one-story, single-family dwellings of either masonry or frame and masonry construction. They range in age from 60 to 66 and in size from 1,147 to 1,555 square feet of building area. They sold from May 2019 to August 2019 for prices ranging from \$286.89 to \$457.72 per square foot of living area, land included.

Conclusion of Law

The taxpayer asserted that the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the taxpayer must prove the value of the property by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); *Winnebago County Bd. of Review v. Property Tax Appeal Bd.*, 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment on this basis is not warranted.

The Board finds the best evidence of market value to be the appellant's comparables #3 and #4 and the board of reviews comparable #1, #3 and #4. These comparables had sales prices ranging from \$224.28 to \$457.72 per square foot of building area. The subject's assessment reflects a market value of \$262.27 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. After considering differences in the comparables when compared to the subject, the Board finds the subject's improvement assessment is supported. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
