

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Mikulski
DOCKET NO.: 19-34892.001-R-1
PARCEL NO.: 24-31-216-003-0000

The parties of record before the Property Tax Appeal Board are John Mikulski, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,740
IMPR.: \$44,057
TOTAL: \$53,797

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of frame and masonry exterior construction with 3,962 square feet of living area. The dwelling is approximately 18 years old. Features of the dwelling include an unfinished basement, central air conditioning, two fireplaces, and a 3-car garage.¹ The property has a 15,584 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant, through counsel, marked contention of law and lack of assessment equity concerning the improvement as the bases of the appeal. However, the counsel's brief is the same as the inequity argument, uniformity of assessment.

¹ Property characteristics not disclosed by the appellant were gleaned from the evidence presented by the board of review.

In support of the inequity argument, the appellant submitted information on three comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-08 dwellings of masonry or frame and masonry exterior construction with either 4,236 or 4,277 square feet of living area. The homes range in age from 12 to 19 years old. Each comparable has a basement with finished area, central air conditioning, one or two fireplaces, and a 3-car garage. The comparables have improvement assessments that range from \$35,635 to \$40,387 or from \$8.33 to \$9.53 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$34,231 or \$8.64 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$53,797. The subject property has an improvement assessment of \$44,057 or \$11.12 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located in the same neighborhood code as the subject property. The comparables are improved with 2-story class, 2-08 dwellings of frame and masonry exterior construction ranging in size from 3,834 to 4,291 square feet of living area. The homes range in age from 12 to 19 years old. Three comparables each have a basement with two having finished area and one comparable has a concrete slab foundation. Each comparable has central air conditioning, one or two fireplaces, and a 3-car garage. The comparables have improvement assessments that range from \$51,042 to \$58,143 or from \$12.28 to \$14.18 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables to the Board for consideration. The Board finds the parties' comparables are each similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. The parties' comparables have improvement assessments ranging from \$35,635 to \$58,143 or from \$8.33 to \$14.18 per square foot of living area. The subject's improvement assessment of \$44,057 or \$11.12 per square foot of living area falls within the range established by the comparables in this record. Based on this record and after considering adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
