

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mitchell Ji
DOCKET NO.: 19-35824.001-R-1
PARCEL NO.: 17-06-221-045-1002

The parties of record before the Property Tax Appeal Board are Mitchell Ji, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,325
IMPR.: \$33,275
TOTAL: \$37,600

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is a condominium unit in a 141-year-old building with two units. The building occupies an 1,828 square foot site. It is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts overvaluation as a basis for this appeal. In support of the overvaluation argument, the appellant submitted evidence disclosing that the subject condominium unit was purchased on September 25, 2019, for a price of \$376,000. The evidence included the contract for the transaction, an MLS listing, and responses to questions about the sale in Section IV of the appeal petition. Based upon this evidence, the appellant requested a reduction in the subject's assessment to \$37,600.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$46,356. The subject's assessment reflects a market value of \$463,560, when using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%. The subject has an improvement assessment of \$42,031. The board of review also submitted a document containing information about recent sales in the building that houses the subject. It mentioned the 2019 sale of the subject for \$376,000. It also mentioned a 2017 sale of the other unit in the building but did not state the sale price.

Conclusions of Law

The basis for this appeal is overvaluation. When market value is the basis of the appeal, the taxpayer must prove the value of the property by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e); Winnebago County Bd. of Review v. Property Tax Appeal Bd., 313 Ill. App. 3d 1038, 1043 (2d Dist. 2000). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment on this basis is warranted.

The appellant presented evidence that the subject property was sold on September 25, 2019, for a price of \$376,000. The appellant filled out Section IV - Recent Sale Data of the PTAB residential appeal form and disclosed that the parties to the transaction were not related family members or corporations, the property was sold by the owner, the property had been advertised on the open market by Multiple Listing Service, and the sale did not result from a foreclosure. The MLS listing indicated that the property was only advertised for two days before the sale contract was signed. The appellant submitted a copy of the sale contract. The evidence indicated that the sale was an arm's-length transaction.

The Board's task in this case is to determine the correct assessment of the subject property. See 35 ILCS 200/16-180. Under Illinois law, real property must be valued at its fair cash value, meaning the price that would be paid for it at a fair, voluntary sale where the buyer and seller are both ready, willing, and able to buy and sell, but neither is compelled to do so. Bd of Educ of Meridian Community School Dist. No. 223 v. Ill. Property Tax Appeal Bd., 2011 IL App (2d) 100068, ¶ 36. A contemporaneous sale of the subject property between parties dealing at arms-length is practically conclusive on the issue of whether an assessment reflected the fair cash market value of the property. Gateway-Walden LLC v. Pappas, 2018 IL App (1st) 162714, ¶ 33.

The Board finds that the best and only evidence of the subject's market value is the appellant's evidence about the September 25, 2019, sale of the subject for \$376,000. Because the subject's assessment reflects a fair market value of \$463,560, which is greater than the \$376,000 sale amount, a reduction in the subject's assessment commensurate with that sale price is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
