

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: 2239 W Armitage Condominium Association
DOCKET NO.: 19-36009.001-R-1 through 19-36009.002-R-1
PARCEL NO.: See Below

The parties of record before the Property Tax Appeal Board are 2239 W Armitage Condominium Association, the appellant(s), by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

DOCKET NO	PARCEL NUMBER	LAND	IMPRVMT	TOTAL
19-36009.001-R-1	14-31-302-053-1001	5,360	71,509	\$ 76,869
19-36009.002-R-1	14-31-302-053-1002	5,360	75,678	\$ 81,038

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) after receiving a decision from the Cook County Board of Review. The instant appeal challenges the assessment for tax year 2019. The Property Tax Appeal Board (the “Board”) finds that it has jurisdiction over the parties and the subject matter of this appeal.

Findings of Fact

The subject consists of two condominium units with a 100.00% total ownership interest in the common elements. The property is located in West Chicago Township, Cook County. The subject units are all classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted a condominium analysis showing that two units in the subject’s building, or 100.00% of ownership in the common elements, sold between September 2016 and March 2017 for an aggregate price of \$1,580,000. This analysis included all of the subject units. The appellant deducted 10.00% from the aggregate sale price to account for personal property. The aggregate sales price, less the personal property deduction, was then divided by the percentage of ownership interest in the common elements of the units sold to arrive at a total market value for

the building of \$1,422,000. In Section II of the appeal form, the appellant stated that the subject is owner-occupied. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$142,200.

The board of review submitted its "Board of Review Notes on Appeal" disclosing that the total assessment for the subject is \$157,907. The subject's assessment reflects a market value of \$1,579,070 when applying the 2019 statutory level of assessment for class 2 property of 10.00% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted a condominium analysis showing that two units in the subject's building, or 100.00% of ownership in the common elements, sold between September 2016 and March 2017 for an aggregate price of \$1,580,000. This analysis included all of the subject units. The aggregate sale price was then divided by the percentage of ownership interest in the common elements of the units sold to arrive at a total market value for the building of \$1,580,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal, the value of the property must be proven by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof, and a reduction in the subject's assessment is not warranted.

"Real property taxes . . . which are authorized by law to be assessed against and levied upon real property shall be assessed against and levied upon each unit and the owner's corresponding percentage of ownership in the common elements as a tract, and not upon the property as a whole." 765 ILCS 605/10(a).

Initially, the Board notes that the appellant's two sale comparables and the board of review's two sale comparables represent the same subject units and sale transactions. The Board finds the best evidence of market value to be all of the sale comparables submitted by the parties. In taking the aggregate sales price of the most similar sales (\$1,580,000) and dividing by the total percentage of ownership in the common elements of the units sold (100.00%), the Board finds that the subject's building has a market value of \$1,580,000. The subject's current assessment reflects a market value below the market value established by the best comparables in this record. The Board further finds that there was no evidence submitted to show that personal property was included in any of the sale transactions, and that no deduction is warranted for this factor. Based on this record, the Board finds the appellant has not proven, by a preponderance of the evidence, that the subject is overvalued, and that a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
