

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Tadros
DOCKET NO.: 19-36016.001-R-1
PARCEL NO.: 24-26-300-045-0000

The parties of record before the Property Tax Appeal Board are Joseph Tadros, the appellant, by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,120
IMPR.: \$25,696
TOTAL: \$29,816

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 3,520 square feet of building area. The building is approximately 48 years old. Features of the building include a basement finished with an apartment and a 2-car garage.¹ The property has a 9,695 square foot site and is located in Alsip, Worth Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located in the same neighborhood code as the subject property. The comparables

are improved with 2-story, class 2-11 multi-family buildings of masonry or frame and masonry exterior construction with either 3,674 or 3,794 square feet of building area. The comparables are either 48 or 49 years old. Two comparables are reported to have a concrete slab foundation. The appellant's evidence did not disclose the foundation types for three comparables. Three comparables have unfinished partial attics. The comparables have improvement assessments ranging from \$18,848 to \$20,829 or from \$4.97 to \$5.49 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$18,163 or \$5.16 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$29,816. The subject property has an improvement assessment of \$25,696 or \$7.30 per square foot of building area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located in the same neighborhood code and block as the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of frame or masonry exterior construction with each having 3,520 square feet of building area. The comparables range in age from 45 to 48 years old. Each comparable has a basement, where one is finished with an apartment and two are each finished with either an apartment or a recreation room. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$26,065 to \$28,159 or from \$7.40 to \$8.00 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar in dwelling size than other comparables in this record. Additionally, each of these comparables lacks a basement foundation, a feature of the subject, or for which a description of the foundation type was not disclosed.

The Board finds the best evidence of assessment equity to be the board of review comparables which are most similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. The comparables have improvement assessments ranging from \$26,065 to \$28,159 or from \$7.40 to \$8.00 per square foot of building area. The subject's improvement assessment of \$25,696 or \$7.30 per square foot of building area falls below the range established by the most similar comparables in this record. Based on this record and after

considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
