

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Cordaro Investment LLC
DOCKET NO.: 19-36154.001-R-1
PARCEL NO.: 15-14-162-008-0000

The parties of record before the Property Tax Appeal Board are Cordaro Investment LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,475
IMPR.: \$28,045
TOTAL: \$30,520

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story, multi-family dwelling of frame and masonry exterior construction with 4,697 square feet of living area. The dwelling is approximately 27 years old. Features include a concrete slab foundation and central air conditioning. The property has a 6,600 square foot site and is located in Maywood, Proviso Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within a different neighborhood code than the subject property. The comparables are improved with class 2-11, multi-family dwellings of masonry exterior construction ranging in size from 3,959 to 5,696 square feet of living area. The dwellings range

in age from 85 to 114 years old and each have full basements with one having an apartment. Three comparables each have either a 1-car, a 1.5-car, or a 2-car garage. The comparables have improvement assessments ranging from \$19,597 to \$24,693 or from \$4.34 to \$4.95 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$21,559 or \$4.59 per square foot of living area

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,520. The subject property has an improvement assessment of \$28,045 or \$5.97 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject. One comparable is located on the same block as the subject and three comparables are within a .25 of a mile of the subject. The comparables are improved with class 2-11, multi-family dwellings of frame, stucco, or frame and masonry exterior construction ranging in size from 3,678 to 4,740 square feet of living area. The dwellings range in age from 22 to 119 years old. Two comparables each have a concrete slab foundation, and two comparables each have a full basement with one having an apartment. One comparable has a 2-car garage. The comparables have improvement assessments ranging from \$22,926 to \$28,302 or from \$5.97 to \$6.56 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The board gives less weight to the appellant's comparables as well as the board of review comparables #3 and #4 due to varying dissimilarities with the dwellings significantly older ages, dwelling sizes, foundations, and/or other features when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2. These comparables are identical or significantly closer in age to the subject dwelling unlike the remaining comparables in this record. These comparables are also similar to the subject in location, design, exterior construction, foundation, and most features. These two comparables have improvement assessments of \$22,926 or \$28,302 and \$5.97 per square foot of living area. The subject's improvement assessment of \$28,045 or \$5.97 per square foot of living area is bracketed by the two best comparables in this record with its improvement assessment and has the same per-square-foot assessment as the two comparables. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
