

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Ryan  
DOCKET NO.: 19-36986.001-R-1  
PARCEL NO.: 04-23-304-008-0000

The parties of record before the Property Tax Appeal Board are John Ryan, the appellant(s), by attorney Howard J. Weiss, of Ziering & Weiss, P.C. in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$7,878  
**IMPR.:** \$66,605  
**TOTAL:** \$74,483

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a single-family, two-story dwelling of stucco construction containing 3,022 square feet of living area. As of the instant lien date the subject was approximately 21 years old. Features of the home include a full unfinished basement, air conditioning, and a two-car garage. The subject has a 6,565 square foot site and is in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant's appeal is based on assessment equity, and Appellant submitted information on four suggested comparable two-story dwellings. All are stucco construction. All have air conditioning. As of the lien date, Appellant's comparables ages range from 20 to 21 years old. Appellant's comparables are all 3,022 square feet of living area and improvement assessments from \$17.81

to \$20.57 per square foot of living area. Each comparable has the same neighborhood code as the subject property, and they range in proximity to the subject from 150 feet to .3 miles.

The Cook County Board of Review (BOR) submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$74,483 was disclosed. The subject has a total improvement assessment of \$66,605 or \$22.04 per square foot of living area.

The BOR submitted four equity comparables in support of its final assessment. The properties are described as two-story dwellings, with three located within a quarter mile of the subject. The fourth is within the same subarea as the subject. All four BOR comparables share the same neighborhood code as the subject. All are stucco construction. All have air conditioning. As of the lien date the BOR comparables range from 20 to 21 years old. The comparables are all 3,022 square feet of living area and have improvement assessments from \$24.52 to \$25.18 per square foot of building area.

### **Conclusions of Law**

Appellant contends assessment inequity as the basis of the appeal.

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds Appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not warranted*.

The Board finds the best evidence of assessment equity to be BOR comparables 2 and 3 and Appellant comparables 2 and 3. All four comparables have the same improvement square footage as the subject. All four comparables are the same age as the subject. All four comparables are stucco construction, same as the subject. BOR comparables 2 and 3 are within a quarter mile of the subject, while Appellant comparable 2 is with .2 miles. Appellant comparable 3 is within 150 feet. Appellant comparable 2 and BOR comparables 2 and 3 have the same square feet of land as the subject; Appellant comparable 3 has 1,015 square feet of land more than the subject.

These comparables have improvement assessments that range from \$18.17 to \$24.52 per square foot of living area. The subject's improvement assessment of \$22.04 per square foot of living area falls within the range established by the best comparables in this record.

Based on this record, the Board finds Appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
