

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Howard Wolfmark
DOCKET NO.: 19-36989.001-R-1
PARCEL NO.: 04-07-304-013-0000

The parties of record before the Property Tax Appeal Board are Howard Wolfmark, the appellant(s), by attorney Howard J. Weiss, of Ziering & Weiss, P.C. in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,444
IMPR.: \$52,683
TOTAL: \$67,127

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a single-family, two-story dwelling of frame-and-masonry construction containing 3,542 square feet of living area. As of the instant lien date the subject was approximately 36 years old. Features of the home include a full formal recreation room basement, air conditioning, and a two-car garage. The subject has a 9,685 square foot site and is in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant's appeal is based on assessment equity, and Appellant submitted information on four suggested comparable class 2-78 dwellings. (Appellant did not disclose the number of stories for each comparable, but the Board takes judicial notice of the ordinance classification of this subject: "2-78 Two-or-more story residence, up to 62 years of age, 2,001 to 3,800 square feet".) All

are frame-and-masonry construction. All have air conditioning. As of the lien date, Appellant's comparables ages range from 40 to 49 years old. Appellant's comparables range in size from 3,197 square feet to 3,514 square feet of living area and improvement assessments from \$12.23 to \$12.63 per square foot of living area. Each comparable has the same neighborhood code as the subject property, and they range in proximity from .3 miles to one mile from the subject.

The Cook County Board of Review (BOR) submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$67,127 was disclosed. The subject has a total improvement assessment of \$52,683 or \$14.87 per square foot of living area.

The BOR submitted four equity comparables in support of its final assessment. The properties are described as two-story dwellings, all located on the same block as the subject. All four BOR comparables share the same neighborhood code as the subject. All are frame-and-masonry construction. All have air conditioning. As of the lien date the BOR comparables range from 36 to 40 years old. The comparables range from 3,253 to 3,562 square feet of building area and have improvement assessments from \$14.88 to \$15.71 per square foot of building area.

Conclusions of Law

Appellant contends assessment inequity as the basis of the appeal.

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds Appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not warranted*.

The Board finds the best evidence of assessment equity to be the four BOR comparables. All four comparables are within 289 square feet of the subject's improvement size. All four comparables are frame-and-masonry construction, same as the subject. All four comparables are within four years of the subject's age. All four comparables are located on the same block as the subject.

These comparables have improvement assessments that range from \$14.88 to \$15.71 per square foot of living area. The subject's improvement assessment of \$14.87 per square foot of living area falls below the range established by the best comparables in this record.

Based on this record, the Board finds Appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
