

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Broderick  
DOCKET NO.: 19-37226.001-R-1  
PARCEL NO.: 24-15-205-047-0000

The parties of record before the Property Tax Appeal Board are Michael Broderick, the appellant, by attorney John W. Zapala, of the Law Offices of John Zapala, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,547  
**IMPR.:** \$18,968  
**TOTAL:** \$22,515

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of frame and masonry exterior construction with 2,033 square feet of living area. The dwelling is approximately 53 years old. Features of the home include a basement with finished area, central air conditioning, and a 2-car garage. The property has a 6,450 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the inequity argument, the appellant submitted information on five equity comparables with the same neighborhood code as the subject property. The comparables are improved with class 2-78 dwellings of stucco, masonry, or frame and masonry exterior construction ranging in size from 2,324 to 3,470 square feet of living area. The homes range in

age from 32 to 62 years old. Three comparables are reported to each have a basement, where one of these has finished area, and two comparables are reported to lack a basement. Four comparables each have central air conditioning. Each comparable has one fireplace and from a 1-car to a 2-car garage. The comparables have improvement assessments that range from \$17,169 to \$27,795 or from \$6.20 to \$8.75 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$12,609 or \$6.20 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$22,515. The subject property has an improvement assessment of \$18,968 or \$9.33 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject, where three of these are also located on the same block and street as the subject. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction with either 2,033 or 2,063 square feet of living area. The homes range in age from 50 to 54 years old. Each comparable has a basement with finished area and either a 2-car or a 3-car garage. Two comparables each have central air conditioning. One comparable has a fireplace. The comparables have improvement assessments that range from \$20,696 to \$23,385 or from \$10.18 to \$11.34 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested equity comparables to the Board for consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size and/or age than other comparables in this record.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall more similar to the subject in location, design, age, and dwelling size. However, two comparables lack central air conditioning, a feature of the subject, and one comparable has a fireplace, unlike the subject, suggesting appropriate adjustments would be necessary to make them more equivalent to the subject. Nevertheless, these comparables have improvement assessments that range from \$20,696 to \$23,385 or from \$10.18 to \$11.34 per square foot of living area. The subject's improvement assessment of \$18,968 or \$9.33 per square foot of living area falls below the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences

from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
