

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Elizabeth Becker
DOCKET NO.: 19-37729.001-R-1
PARCEL NO.: 04-26-410-009-0000

The parties of record before the Property Tax Appeal Board are Elizabeth Becker, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,683
IMPR.: \$34,947
TOTAL: \$44,630

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an owner-occupied multi-level dwelling with 1,330 square feet of living area of frame and masonry construction. The dwelling was constructed in 1932. Features include a partial basement with a formal recreational room, central air conditioning, and a one-car garage. The property has an 8,420 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the basis of the appeal. In support of the overvaluation argument the appellant submitted information on three comparable sales. The comparables were improved with multi-level single-family residences of either masonry or frame and masonry construction. The sales occurred from March 2018 to October 2018 for prices ranging from \$492,000 to \$695,000 or \$352.44 to \$382.92 per square foot,

including land. In support of the assessment inequity argument the appellant submitted information on six equity comparables. The comparables were improved with multi-level single-family residences of frame and masonry construction. The improvements ranged: in age from 58 to 63 years old; in size from 1,292 to 1,690 square feet of living area; and in improvement assessment from \$24.38 to \$28.05 per square foot. Based on this evidence, the appellant requested an assessment of \$44,630.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$55,369, with an improvement assessment of \$45,686 or \$34.35 per square foot of living area. The subject's assessment reflects a market value of \$553,690 or \$416.31 per square foot of living area, including land.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables with three including sales data. The sale occurred from May 2018 to June 2019 for prices ranging from \$851,000 to \$1,175,000 or \$398.78 to \$978.35 per square foot including land. The comparables were improved with either multi-level or two-story single-family residences of either masonry or frame and masonry construction. The improvements ranged: in age from 58 to 81 years old; in size from 1,201 to 3,733 square feet of living area; and in improvement assessment from \$23.62 to \$33.54 per square foot.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be *appellant's comparable sales*. These comparables were given greater weight due to their similar neighborhood code relative to the subject. These comparables sold for prices ranging from \$352.44 to \$382.92 per square foot of living area, including land. The subject's assessment reflects a market value of \$416.31 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment *is* justified. After this reduction, the Board finds the subject is equitably assessed.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
