

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Charles C MacDonald  
DOCKET NO.: 19-37732.001-R-1  
PARCEL NO.: 22-32-217-011-0000

The parties of record before the Property Tax Appeal Board are Charles C MacDonald, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$460  
**IMPR.:** \$38,427  
**TOTAL:** \$38,887

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling with 1,820 square feet of living area of masonry construction. The dwelling was constructed in 2015. Features of the home include a full unfinished basement, central air conditioning, a fireplace, and a two-car garage. The property has a 3,070 square foot site and is located in Cicero, Cicero Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the basis of the appeal. In support of overvaluation argument, the appellant submitted information on four comparable sales. The comparable properties sold between November 2018 and June 2019. The comparable properties ranged: in price between \$340,000 to \$450,000; in living square footage between

1,724 to 2,388 square feet; and in sale price per square foot between \$161.74 to \$197.22, including land.

The appellant also contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables of masonry construction. The improvement assessments ranged: in age from 4 to 10 years old; in size from 1,724 to 2,388 square feet of living area; and in improvement assessment from \$18.11 to \$20.43 per square foot of living area. Based on this evidence, the appellant arrived at a requested assessment for the subject of \$33,385.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,887 with an improvement assessment of \$38,427 or \$21.11 per square foot of living area. The subject's assessment reflects a market value of \$388,870 or \$213.66 per square foot of living area, including land, when applying the level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables, three reflecting sales data. The improvement assessments ranged: in age from 9 to 28 years old; in size from 1,917 to 2,420 square feet of living area; and in improvement assessment from \$13.66 to \$23.05 per square foot of living area. The comparable sales occurred between June 2018 and December 2018. The comparable properties ranged: in price between \$527,500 to \$560,000; in size from 1,917 to 2,173 square feet of living area, including land; and in sale price per square foot between \$255.41 to \$275.17, including land.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not warranted*.

The Board finds the best evidence of market value to be *appellant's comparable sales #3, and #4 and board of review comparable sales #1, #2, and #3*. These comparable sales were given greater weight due to their size relative to the subject. These comparable properties sold between December 2018 and June 2019 for prices ranging from \$161.74 to \$275.17 per square foot of living area, including land. The subject's assessment reflects a market value of \$213.66 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment *is not justified*.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments

for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *the appellant's comparables #1, #2 and #6 and the board of review's comparables #1, #2, and #3*. These comparables were given greater weight due to their size relative to the subject. These comparables had improvement assessments ranging of \$15.44 to \$23.05 per square foot of building area. In comparison the subject's improvement assessment of \$21.11 per square foot of building area is within the range of the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvements *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
