

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John Tranas
DOCKET NO.: 19-37856.001-R-1
PARCEL NO.: 04-33-210-043-0000

The parties of record before the Property Tax Appeal Board are John Tranas, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,521
IMPR.: \$29,086
TOTAL: \$37,607

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an 11,362 square foot parcel of land improved with a 60-year-old, multi-level, frame, single-family dwelling containing 1,423 square feet of building area. The property is located in Glenview, Northfield Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity and overvaluation as the bases of the appeal. In support of the equity argument, the appellant submitted four comparables. These properties are described as multi-level, frame and masonry, single-family dwellings. They range: in age from 59 to 60; in size from 1,466 to 1,769 square feet of building area; and in improvement assessment from \$16.48 to \$18.95 per square foot of building area.

In support of the overvaluation argument the appellant submitted four sales comparables. These comparables are described as multi-level, frame or frame and masonry, single-family dwellings containing from 1,241 to 1,756 square feet of building area. These comparables sold from July 2017 to August 2018 for prices ranging from \$217.89 to \$241.74 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$37,607 with an improvement assessment of \$29,086 or \$20.44 per square foot of building area. The total assessment reflects a market value of \$376,070 or \$264.28 per square foot of building area using the Cook County Real Property Classification Ordinance for Class 2 property of 10%.

In support of the assessment the board of review submitted three comparables. These properties are described as multi-level, frame or frame and masonry, single-family dwellings. They range: in age from 57 to 62 years; in size from 915 to 1,423 square feet of building area; and in improvement assessment from \$21.22 to \$23.39 per square foot of building area. They sold from September 2016 to February 2018 for prices ranging from \$280.74 to \$453.55 per square foot of building area.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the comparables best evidence of market value to be the appellant's comparables #1 and #3 and the board of review's comparable #1. These properties sold from July 2017 to August 2018 for prices ranging from \$217.89 to \$280.74 per square foot of building area. The remaining were given less weight due to differences in sale date or size. In comparison, the subject's assessment reflects a market value of \$264.28 per square foot of building area which is within the range of these comparables. Therefore, the Board finds the appellant has not proven by a preponderance of the evidence that the subject was overvalued, and a reduction is not justified.

The taxpayer also contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b).

The Board finds the best evidence of assessment equity to be the appellant's comparables and the board of review's comparables #1 and #2. These comparables had improvement assessments ranging from \$16.48 to \$22.64 per square foot of building area. The remaining comparables were given less weight due to differences in location. The subject's improvement assessment of \$20.44 per square foot of building area is within the range of the best comparables in this record. Therefore, the Board finds that the appellant has not proven by clear and convincing evidence that the subject property is inequitably assessed, and a reduction is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
