

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Angeliki Edsey
DOCKET NO.: 19-37891.001-R-1
PARCEL NO.: 04-07-305-004-0000

The parties of record before the Property Tax Appeal Board are Angeliki Edsey, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,149
IMPR.: \$32,706
TOTAL: \$46,855

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an owner-occupied two-story dwelling with 2,776 square feet of living area of masonry construction. The dwelling was constructed in 1981. Features include a full basement with a formal recreational room, central air conditioning, a fireplace, and a two-car garage. The property has an 11,791 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation and assessment inequity as the basis of the appeal. In support of these arguments the appellant submitted information on eight equity comparables, four of which included sales data for consideration by the Board for this appeal. The comparables were improved with single-family residences of either masonry or frame and masonry construction. The sales occurred from April 2017 to July 2019 for prices ranging from

\$465,000 to \$657,000 or \$158.27 to \$191.49 per square foot, including land. The improvements ranged: in age from 35 to 40 years old; in size from 2,789 to 3,428 square feet of living area; and in improvement assessment from \$10.70 to \$13.94 per square foot. Based on this evidence, the appellant requested an assessment of \$46,855.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,762, with an improvement assessment of \$40,613 or \$14.63 per square foot of living area. The subject's assessment reflects a market value of \$547,620 or \$197.27 per square foot of living area, including land.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables. The comparable was improved with two-story single-family residences of frame and masonry construction. The improvement ranged: in age from 36 to 40 years old; in size from 2,835 to 3,024 square feet of living area; and in improvement assessment from of \$14.89 to \$18.44 per square foot.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be *appellant's comparable sales*. These comparables were the only ones considered by the Board as the board of review did not submit any sales comparables for this appeal. These comparables sold for prices ranging from \$158.27 to \$191.49 per square foot of living area, including land. The subject's assessment reflects a market value of \$197.27 per square foot of living area, including land, which is above the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment based on the overvaluation argument is justified. Since market value has been determined, the Board finds that the subject is now fairly and equitably assessed. See Central Nursing Realty, LLC v. Illinois Property Tax Appeal Board, 2020 IL App (1st) 180994, ¶¶ 34-36.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
