

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Derong Liu  
DOCKET NO.: 19-38084.001-R-1  
PARCEL NO.: 17-20-233-075-0000

The parties of record before the Property Tax Appeal Board are Derong Liu, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$3,485  
**IMPR.:** \$45,509  
**TOTAL:** \$48,994

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 3-story townhome of masonry exterior construction with 1,746 square feet of living area. The home is approximately 16 years old. Features of the home include a concrete slab foundation, central air conditioning, one fireplace, and a two-car garage. The property has a 1,025 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject. The comparables are improved with class 2-95 townhomes of masonry exterior construction that range in size from 1,901 to 1,972 square feet of living area. The homes are 13 or 21 years old. Each comparable has a

concrete slab foundation, central air conditioning and a one-car or a two-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$31,953 to \$38,328 or from \$16.81 to \$19.48 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$32,336 or \$18.52 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$48,994. The subject property has an improvement assessment of \$45,509 or \$26.06 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 3-story, class 2-95 townhomes of masonry exterior construction with either 1,722 or 1,746 square feet of living area. The homes are 16 years old. Each comparable has a concrete slab foundation, central air conditioning, one fireplace, and a two-car garage. The comparables have improvement assessments ranging from \$45,629 to \$47,753 or from \$26.13 to \$27.73 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board finds the parties comparables are each similar to the subject in overall property characteristics. However, the Board gives greatest weight to the board of review comparables which are identical or nearly identical to the subject in age, dwelling size, and features, as well as being located on the same block as the subject property. These comparables have improvement assessments ranging from \$45,629 to \$47,753 or from \$26.13 to \$27.73 per square foot of living area. The subject's improvement assessment of \$45,509 or \$26.06 per square foot of living area falls below the range established by the most similar comparables in the record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
