

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Joseph Pollina
DOCKET NO.: 19-38362.001-R-1
PARCEL NO.: 04-33-210-045-0000

The parties of record before the Property Tax Appeal Board are Joseph Pollina, the appellant(s), by attorney Christopher G. Walsh, Jr., of Walsh Law, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,500
IMPR.: \$47,588
TOTAL: \$55,088

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a single-family, two-story dwelling of frame-and-masonry construction containing 2,663 square feet of living area. As of the instant lien date the subject was approximately 60 years old. Features of the home include a partial formal recreation room basement, air conditioning, and a two-car garage. The subject has a 10,000 square foot site and is in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant's appeal is based on assessment equity, and Appellant submitted information on four suggested comparable two-story dwellings. Three are frame-and-masonry construction; one is frame. All have air conditioning. As of the lien date, Appellant's comparables ages range from 32 to 62 years old. Appellant's comparables range in size from 2,552 square feet to 2,886 square feet of living area and improvement assessments from \$12.40 to \$17.33 per square foot of living

area. Each comparable has the same neighborhood code as the subject property, and they range in proximity from one to four blocks from the subject.

The Cook County Board of Review (BOR) submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment of \$55,088 was disclosed. The subject has a total improvement assessment of \$47,588 or \$17.87 per square foot of living area.

The BOR submitted four equity comparables in support of its final assessment. The properties are described as two-story dwellings, with two located within a quarter mile of the subject and two within the same subarea as the subject. All four BOR comparables share the same neighborhood code as the subject. Two are frame-and-masonry construction; one is frame; one is masonry. All have air conditioning. As of the lien date the BOR comparables range from 16 to 59 years old. The comparables range from 2,385 to 3,065 square feet of building area and have improvement assessments from \$18.82 to \$23.72 per square foot of building area.

Conclusions of Law

Appellant contends assessment inequity as the basis of the appeal.

When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds Appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not warranted*.

The Board finds the best evidence of assessment equity to be BOR comparable 1 and Appellant comparables 1 and 2. All three comparables are similar to subject's improvement size. All three comparables are within two years of the subject's age. Appellant comparables are within 2 blocks of the subject, and BOR comparable 1 is within a quarter mile.

These comparables have improvement assessments that range from \$12.40 to \$23.72 per square foot of living area. The subject's improvement assessment of \$17.87 per square foot of living area falls within the range established by the best comparables in this record.

Based on this record, the Board finds Appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
