

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jerry Tufano
DOCKET NO.: 19-38626.001-R-1
PARCEL NO.: 17-07-218-051-0000

The parties of record before the Property Tax Appeal Board are Jerry Tufano, the appellant(s), by attorney Anthony M. Farace, of Amari & Locallo in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,837
IMPR.: \$37,396
TOTAL: \$43,233

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 25-year-old, two-story, multi-family dwelling of frame construction with 1,352 square feet of living area. Features of the home include a crawl space and two bathrooms. The subject property does not have air conditioning. The property has a 1,717 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on three suggested equity comparables. They were improved with a multi-family dwelling of frame construction. The improvements ranged: in age from 12 to 117 years; and in size from 2,490 to 2,820 square feet of living area; and in assessment from \$18.87 to \$22.00 per square foot. One comparable property had a slab

foundation, one comparable property had a basement apartment, and one comparable property had an unfinished full basement. One comparable property had air conditioning and each comparable property had either two and a half bathrooms or three full bathrooms.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,233. The subject property has an improvement assessment of \$37,396 or \$27.66 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables. They are improved with a two-story, multi-family dwelling of masonry or frame construction. The improvements ranged: in age from 13 to 128 years; in size from 1,080 to 2,430 square feet of living area; and in assessment from \$29.61 to \$49.71 per square foot. Two comparable properties had a slab foundation, one comparable property had a full basement with a formal recreation room, and one comparable property had a basement apartment. One comparable property had air conditioning and each comparable property had between two and five full bathrooms.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *the board of review comparables #2 and #4*. These comparables had improvement assessments that ranged from \$29.61 to \$30.34 per square foot of living area. The subject's improvement assessment of \$27.66 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
