

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Yotin Brikshavana DOCKET NO.: 19-38701.001-R-1 PARCEL NO.: 13-03-316-101-0000

The parties of record before the Property Tax Appeal Board are Yotin Brikshavana, the appellant, by attorney Noah J. Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds *No Change* in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,400 **IMPR.:** \$59,409 **TOTAL:** \$65,809

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,969 square feet of living area. The dwelling is approximately 64 years old. Features of the home include a crawl space foundation, central air conditioning, and a one-car garage. The property has a 4,000 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 2,519 to 3,674 square feet of living area. The dwellings range

in age from 64 to 94 years old. Each comparable has a basement with one having finished area, central air conditioning, one or two fireplaces, and a one-car or a two-car garage. The comparables have improvement assessments that range from \$44,318 to \$63,241 or from \$17.00 to \$17.95 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$51,630 or \$17.39 per square foot of living area.

The appellant also submitted two memoranda: "Impact of Covid-19 Residential Real Estate Market" and "Request for Relief" which argue that the Covid-19 pandemic has generally affected real estate market values in March and April of 2020. The appellant then argues that the assessment of the subject property is overvalued due to the Covid-19 pandemic.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$65,809. The subject property has an improvement assessment of \$59,409 or \$20.01 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-06 dwellings of masonry exterior construction ranging in size from 2,703 to 3,136 square feet of living area. The dwellings range in age from 71 to 89 years old. Each comparable has a basement with three having finished area, central air conditioning, and a one-car or a two-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments that range from \$54,384 to \$64,068 or from \$20.12 to \$20.43 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties provided nine suggested equity comparables to support their respective positions before the Property Tax Appeal Board. The Board finds none of the comparables are truly similar to the subject as each comparable has a basement foundation, unlike the subject's crawl space foundation, as well as having other differences from the subject including age, dwelling size, and/or features. Nevertheless, these comparables have improvement assessments ranging from \$44,318 to \$64,068 or from \$17.00 to \$20.43 per square foot of living area. The subject's improvement assessment of \$59,409 or \$20.01 per square foot of living area falls within the range established by the comparables in this record. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

Additionally, although argued with generalities, the appellant failed to provide sufficient evidence or argument to show the Covid-19 pandemic affected the market value of the subject property as of January 1, 2019.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
