

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Adrian Blaszkiewisz
DOCKET NO.: 19-38929.001-R-1
PARCEL NO.: 12-28-206-032-1016

The parties of record before the Property Tax Appeal Board are Adrian Blaszkiewisz, the appellant(s), by attorney Anne E. Edelman-Larsen, of the Law Offices of Frank A. Edelman, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,121
IMPR.: \$15,379
TOTAL: \$16,500

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

Appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a condominium unit with 2.309% ownership in the common elements, within a 13-year-old, 75-unit, condominium building located in Franklin Park, Leyden Township, Cook County and is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

Appellant contends overvaluation as the basis of the appeal. In support of the market value argument, appellant submitted its brief indicating the subject property was purchased on May 13, 2019, for \$135,000 and it was initially listed on the Multiple Listing Service for \$162,000 on October 26, 2018. In Section IV of its appeal form, appellant indicates the subject property was sold using a realtor and was advertised for sale. The appellant did not submit any further evidence of this sale.

In addition, appellant submitted an appraisal which estimated the subject's market value as of January 1, 2019, at \$165,000. The appraiser utilized the sales comparison approach to estimate the subject's market value. Under the sales comparison approach, the appraiser analyzed six sales in arriving at the estimate of value with four of these sales being units located within the subject's building. These units sold from July 2018 to March 2019 for prices ranging from \$154,000 to \$220,000. Based on this evidence, appellant requests a reduction in the subject property's assessment to \$16,500.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$23,162 which reflects a market value of \$231,620 using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%. In support of the current assessment, the board of review submitted a condominium analysis results for 2019 report. The board of review submitted the sales of 11 units located within the subject building for a total value of \$1,621,500. This value was divided by the sold unit's percentage of ownership of 16.1640% to arrive at a value for the building of \$10,031,551. The board of review included the subject property in its analysis and indicated it sold on May 13, 2019, for \$135,000.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appraisal submitted by the appellant. The subject's assessment of \$26,060, reflects a market value above the best evidence of market value in the record. The appellant's appraiser utilized the sales comparison approach to value in determining the subject's market value. The Board finds this appraisal to be persuasive because the appraisal discloses that the appraiser inspected the subject, reviewed the property's history, and used similar properties in the sales comparison approach while providing adjustments that were necessary. Therefore, the Board finds the subject property had a market value of \$165,000 as of the assessment date at issue. Since market value has been established the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10% shall apply.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
