

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Steven Bruner  
DOCKET NO.: 19-39076.001-R-1  
PARCEL NO.: 13-21-405-022-0000

The parties of record before the Property Tax Appeal Board are Steven Bruner, the appellant, by Mary Kate Gorman, Attorney at Law in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,426  
**IMPR.:** \$20,978  
**TOTAL:** \$27,404

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1.5-story dwelling of stucco exterior construction with 1,418 square feet of living area. The dwelling is approximately 93 years old. Features of the home include an unfinished basement and a one-car garage. The property has a 4,432 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables with the same neighborhood code as the subject property. The comparables are reported to be improved with dwellings of 1.5 to 1.9 stories and frame exterior construction ranging in size from 1,551 to 1,627 square feet of living area. The homes range in age from 95 to 110 years old. Each comparable has a basement with two having finished area. Two comparables each have a 1.5-car or a 2-car garage. The comparables have improvement

assessments that range from \$16,105 to \$16,630 or from \$9.90 to \$10.72 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$14,535 or \$10.25 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$27,404. The subject property has an improvement assessment of \$20,978 or \$14.79 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables with the same neighborhood code as the subject property. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,246 to 1,638 square feet of living area. The homes range in age from 92 to 108 years old. Each comparable has a basement with one having finished area. Two comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments that range from \$22,169 to \$26,703 or from \$16.30 to \$18.14 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the evidence in the record does not support a reduction in the subject's assessment.

The parties submitted six suggested comparables for the Board's consideration. The Board gives less weight to board of review comparables #1 and #3 which have dissimilar 1-story designs when compared to the subject's 1.5-story design.

The Board finds the best evidence of assessment equity to be the appellant's comparables and board of review comparable #2 which are similar to the subject in location, design, age, dwelling size, and features. These comparables have improvement assessments ranging from \$16,105 to \$26,703 or from \$9.90 to \$16.30 per square foot of living area. The subject's improvement assessment of \$20,978 or \$14.79 per square foot of living area falls within the range established by the best comparables in this record. Based on this record, the Board finds the record does not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
