

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jaclyn Cassello  
DOCKET NO.: 19-39989.001-R-1  
PARCEL NO.: 19-21-106-018-0000

The parties of record before the Property Tax Appeal Board are Jaclyn Cassello, the appellant(s), by attorney John W. Zapala, of the Law Offices of John Zapala, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,156  
**IMPR.:** \$21,708  
**TOTAL:** \$25,864

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 4,156 square foot parcel of land improved with a 13-year old, one-story, masonry, single-family dwelling containing 1,320 square feet of building area. The property is located in Chicago, Lake Township, Cook County and is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of the market value argument, the appellant submitted five sales comparables. These comparables are described as one-story, masonry, single-family dwellings. They range in age from 59 to 63 years and in size from 1,028 to 1,123 square feet of building area. They sold from December 2016 to January 2019 for prices ranging from \$163.00 to \$188.00 per square foot of building area, rounded. The appellant's comparables #2 and #5 are the same property with two different sale dates two weeks apart.

In support of the equity argument, the appellant submitted five comparables. These comparables are described as one or one and one-half story, masonry, single-family dwellings. They range: in age from 45 to 59 years; in size 1,071 to 1,346 square feet of building area; and in improvement assessment from \$13.46 to \$15.04 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the subject's total assessment of \$25,864 with an improvement assessment of \$21,708 or \$16.45 per square foot of building area. The total assessment reflects a market value of \$217,080 or \$164.45 per square foot of building area using the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10%.

In support of the assessment the board of review submitted four sales comparables. The sales comparables are described as one-story, masonry, single-family dwellings. They range in age from 57 to 61 and in size from 1,040 to 1,132 square feet of building area. They sold from June 2018 to October 2019 for prices ranging from \$257.12 to \$268.27 per square foot of building area.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c).

The Board finds the best evidence of market value to be the appellant's comparables #2 and #5 and the board of review's comparables #1. These comparables had sales prices ranging from \$169.19 to \$257.95 per square foot of building area. The remaining comparables were given less weight due to differences in size. In comparison the subject's assessment reflects a market value of \$164.45 per square foot of building area is below the range of the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate by a preponderance of the evidence that the subject was overvalued and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
