

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jill and Michael Buhrfiend  
DOCKET NO.: 19-40644.001-R-1  
PARCEL NO.: 13-12-218-015-0000

The parties of record before the Property Tax Appeal Board are Jill and Michael Buhrfiend, the appellants, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,087  
**IMPR.:** \$33,947  
**TOTAL:** \$40,034

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story, multi-family building of masonry exterior construction with 2,970 square feet of building area. The building is approximately 96 years old. Features of the building include a basement finished with an apartment and a 2-car garage. The property has a 3,204 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellants submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,980 to 3,954 square feet of building area. The buildings range in age from 61 to 96 years

old. Each comparable has a basement with one having finished area and a 2-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$31,538 to \$41,912 or from \$10.51 to \$10.60 per square foot of building area. Based on this evidence, the appellants requested that the subject's improvement assessment be reduced to \$31,334 or \$10.55 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$40,034. The subject property has an improvement assessment of \$33,947 or \$11.43 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with the same neighborhood code as the subject property. The comparables are improved with 2-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,329 to 2,664 square feet of building area. The buildings range in age from 67 to 77 years old. Each comparable has a basement with two having finished area and a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from \$30,966 to \$35,174 or from \$13.20 to \$13.97 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

### **Conclusion of Law**

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #2 and #4 as well as board of review comparables #1 and #4 due to differences from the subject in age and/or dwelling size.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are similar to the subject in age, dwelling size and some features. The comparables have improvement assessments ranging from \$31,538 to \$35,474 or from \$10.51 to \$13.46 per square foot of building area. The subject property's improvement assessment of \$33,947 or \$11.43 per square foot of building area falls within the range established by the best comparables in this record. Based on this record, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
