

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Robert Nack
DOCKET NO.: 19-40659.001-R-1
PARCEL NO.: 13-01-310-004-0000

The parties of record before the Property Tax Appeal Board are Robert Nack, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,612
IMPR.: \$31,538
TOTAL: \$38,150

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story multi-family building of masonry exterior construction with 2,980 square feet of building area. The building is approximately 96 years old. Features of the building include a full basement with finished area and a 2-car garage. The property has a 3,480 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are each improved with class 2-11 multi-family buildings of masonry exterior construction ranging in size from 4,311 to 5,511 square feet of building area. The buildings

range in age from 68 to 91 years old. Three comparables have full unfinished basements and one comparable has a full basement without descriptive details provided by the appellant. One comparable has three fireplaces. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$41,429 to \$49,807 or from \$9.02 to \$9.75 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$27,923 or \$9.37 per square foot of building area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,150. The subject property has an improvement assessment of \$31,538 or \$10.58 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information three equity comparables that are located within the same neighborhood code and block as the subject property. The comparables are improved with two-story class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,782 to 3,261 square feet of building area. The buildings range in age from 90 to 97 years old. Two comparables have full basements with one comparable having finished area and one comparable has a concrete slab foundation. One comparable has central air conditioning. One comparable has two fireplaces. Each comparable has a 1.5-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$41,382 to \$46,888 or from \$12.85 to \$14.87 per square foot of building area. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables due to their larger building sizes and/or newer age when compared to the subject. The Board gives less weight to the board of review comparable #1 due to its lack of a basement when compared to the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #3 and #4. These comparables are located on the same block as the subject and have varying degrees of similarity to the subject in age, building size and features. These comparables have improvement assessments of \$41,382 and \$41,704 or \$14.87 and \$12.85 per square foot of building area, respectively. The subject property's improvement assessment of \$31,538 or \$10.58 per square foot of building area falls below the assessments of the two best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
