

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Eco Dwell
DOCKET NO.: 19-40669.001-R-1
PARCEL NO.: 13-12-311-029-0000

The parties of record before the Property Tax Appeal Board are Eco Dwell, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld and Associates, LLC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,437
IMPR.: \$22,686
TOTAL: \$28,123

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of masonry exterior construction with 1,175 square feet of living area. The dwelling is approximately 99 years old. Features of the home include a full basement with finished area and a 2-car garage. The property has a 3,750 square foot site located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class code 2-03 dwellings of masonry exterior construction ranging in size from 1,271 to 1,707 square feet of living area. The dwellings range in age from

96 to 104 years old. Each comparable has a full basement with finished area and a 2-car garage. The comparables have improvement assessments ranging from \$18,930 to \$27,707 or from \$14.89 to \$16.28 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$18,471 or \$15.72 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$28,123. The subject property has an improvement assessment of \$22,686 or \$19.31 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables that are located within the same neighborhood code as the subject with two of these comparables located within the same block/street. The comparables are improved with one-story class 2-03 dwellings of masonry or frame and masonry exterior construction ranging in size from 1,160 to 1,175 square feet of living area. The dwellings range in age from 98 to 100 years old. The comparables have full basements with three comparables having finished area. One comparable has one fireplace. Each comparable has a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from \$26,683 to \$29,184 or from \$22.81 to \$24.84 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #2 and #3 due to their larger dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to the parties' remaining comparables. These comparables have varying degrees of similarity to the subject in age, dwelling size and features. The Board gives greater weight to the board of review comparables #1 and #2 as they are located within the same block and street as the subject, as well as being identical to the subject in age, dwelling size and other features. These comparables have improvement assessments ranging from \$18,930 to \$29,184 or from \$14.89 to \$24.84 per square foot of living area. The subject's improvement assessment of \$22,686 or \$19.31 per square foot of living area falls within the range established by the best comparables in this record. Furthermore, the subject's assessment falls below that of the two comparables given greater weight providing further support. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's improvement assessment appears to be equitably assessed and a reduction in the subject's improvement assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
