

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Karol Rozanek
DOCKET NO.: 19-40952.001-R-1
PARCEL NO.: 13-15-303-003-0000

The parties of record before the Property Tax Appeal Board are Karol Rozanek, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,440
IMPR.: \$26,560
TOTAL: \$34,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 120-year-old, two-story, building of frame construction containing 1,940 square feet of gross building area. Features of the subject include full unfinished basement, one fireplace and a two-car garage. The property is situated on 4,650 square feet of land in Jefferson Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased on October 31, 2019, for \$315,000. The subject's sale price reflects a market value of \$162.37 per square foot of gross building area including land. The appellant also submitted an appraisal dated October 4, 2019, that opined market value at \$315,000. The appellant also submitted eight suggested

comparable sale properties. The appellant provided information in Section IV–Recent Sale Data of the Residential Appeal that the subject was not transferred between related parties; that the subject was sold by the owner, but that a realtor sold it and advertised the property; and that the subject was not sold due to a foreclosure. Based on this evidence, the appellant requested a reduction in the subject's assessment to \$34,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$43,408. The subject's assessment reflects a market value of \$434,080, or \$223.75 per square foot when applying the 2019 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on one suggested comparable sale and four suggested comparable equity properties.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in October 2019 for \$315,000, the appraisal and the eight suggested sale properties. The appellant provided information in Section IV-Recent Sale Data of the appeal that the parties to the transaction were not related; that the property was sold using a Realtor, that the property had been advertised on the open market. In further support of the transaction, the appellant submitted a copy of the settlement statement, eight suggested comparable sale properties, and an appraisal. There was no evidence from the parties that the subject was sold short or from a foreclosure. The Board finds the purchase price was below the market value reflected by the assessment. The appellant requested an assessment reduction to \$34,000. A reduction in the subject's assessment commensurate with the appellant's request is appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
