

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Kevin Warner
DOCKET NO.: 19-41866.001-R-1
PARCEL NO.: 13-24-207-031-0000

The parties of record before the Property Tax Appeal Board are Kevin Warner, the appellant, by attorney Spiro Zarkos G., of Verros Berkshire, P.C. in Oakbrook Terrace; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,707
IMPR.: \$95,216
TOTAL: \$103,923

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,044 square feet of living area. The dwelling is approximately 16 years old. Features of the property include a basement with finished area, central air conditioning, and a 2-car garage. The property has a 3,958 square foot site and is located in Chicago, Jefferson Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the same neighborhood code as the subject. The comparables are improved with 2-story class 2-78 dwellings of frame or frame and masonry exterior construction that range in size from 2,440 to 3,014 square feet of living area. The homes range in age from 10 to 16

years old. Each comparable has a basement with finished area, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from \$49,989 to \$93,524 or from \$20.49 to \$31.03 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$78,900 or \$25.92 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$103,923. The subject property has an improvement assessment of \$95,216 or \$31.28 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables that are located with same neighborhood code as the subject. The comparables are improved with 2-story class 2-78 dwellings of frame and masonry exterior construction with 3,044 square feet of living area. The homes are 16 years old. Each comparable has a basement with finished area and central air conditioning. Two comparables each have a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$95,216 to \$96,708 or from \$31.28 to \$31.77 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables due to differences from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the board of review comparables which are identical to the subject in age, dwelling size and most features, as well as being located on the same block as the subject. However, one comparable lacks a garage which is a feature of the subject. The comparables have improvement assessments ranging from \$95,216 to \$96,708 or from \$31.28 to \$31.77 per square foot of living area. The subject's improvement assessment of \$95,216 or \$31.28 per square foot of living area falls at the bottom of the range established by the best comparables in this record being equal in improvement assessment, on both an overall and a per square basis, to board of review comparable #2. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the record does not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
