

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Phil James  
DOCKET NO.: 19-42320.001-R-1  
PARCEL NO.: 24-10-216-049-0000

The parties of record before the Property Tax Appeal Board are Phil James, the appellant, by attorney Nicholas Jordan, of Worssek & Vihon in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$4,053  
**IMPR.:** \$19,774  
**TOTAL:** \$23,827

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of masonry exterior construction with 1,693 square feet of living area. The dwelling is approximately 38 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a one-car garage. The property has a 7,370 square foot site located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-03 one-story dwellings of masonry or frame and masonry exterior construction ranging in size from 1,509 to 1,756 square feet of living area. The

dwelling range in age from 48 to 54 years old. Three comparables each have a basement with finished area and one comparable has a crawl space foundation. Each comparable has central air conditioning and a one-car or a two-car garage. One comparable has one fireplace. The comparables have improvement assessments ranging from \$13,445 to \$16,682 or from \$8.91 to \$9.66 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$15,084 or \$8.91 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$23,827. The subject property has an improvement assessment of \$19,774 or \$11.68 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables that are located within the same neighborhood code as the subject property. The comparables are improved with class 2-03 one-story dwellings of masonry exterior construction ranging in size from 1,467 to 1,742 square feet of living area. The dwellings are either 32 or 50 years old. Three comparables each have a basement, two of which have finished area, and one comparable has a concrete slab foundation. Three comparables each have central air conditioning. Two comparables each have one fireplace. Three comparables each have a two-car garage. The comparables have improvement assessments ranging from \$18,401 to \$22,128 or from \$12.36 to \$13.13 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables as well as board of review's comparables #2 and #3 which are considerably older homes than the subject and/or have basement finish, unlike the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #4 as they are overall more similar to the subject in location, design, age, and dwelling size with varying degrees of similarity in other features. Board of review comparable #1 lacks a fireplace and a garage, which are features of the subject. Board of review comparable #4 lacks a basement foundation, a feature of the subject, but has a larger garage than the subject. The two comparables would require appropriate adjustments for these differences to make them more equivalent to the subject. Nevertheless, these comparables have improvement assessments of \$21,860 and \$22,128 or of \$12.75 and \$13.13 per square foot of living area. The subject's improvement assessment of \$19,774 or \$11.68 per square foot of living area falls below the

improvement assessments of the two best comparables in this record. Based on this record and after considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
