

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lamont Robinson, Jr.
DOCKET NO.: 19-42531.001-R-1
PARCEL NO.: 13-36-205-019-0000

The parties of record before the Property Tax Appeal Board are Lamont Robinson, Jr., the appellant, by attorney Robert F. Martwick, of Finkel Martwick & Colson, PC in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,808
IMPR.: \$39,192
TOTAL: \$45,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 125-year-old, two-story, mixed-use commercial/residential building of frame and masonry construction with 2,814 square feet of living area. Features of the building include with an insurance business located on the first floor and one apartment unit on the second floor. The property has a 2,278 square foot site and is located in Chicago, West Chicago Township, Cook County. The subject is classified as a class 2-12 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts overvaluation in this appeal. In support of the overvaluation argument, the appellant submitted evidence disclosing that the subject property was purchased on June 1, 2017, for a price of \$450,000. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,712. The subject's assessment reflects a market value of \$477,120 or \$169.55 per square foot of living area, land included, when using the Cook County Real Estate Classification Ordinance level of assessment for class 2 property of 10%.

In support of its contention of the correct assessment the board of review submitted information on three suggested sales comparables.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill. Admin. Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill. Admin. Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of market value is the sale of the subject property in June 2017 for a price of \$450,000. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the PTAB residential appeal form and disclosed that the property was not transferred between related parties, it was sold by a realtor (Cloud Realty), and was not sold because of a foreclosure action. The appellant submitted a copy of the Agreement of Purchase and Sale, a copy of the quit claim deed, mortgage and mortgage note in support. While the property was not listed for sale on the open market, the board of review did not contest the conditions of the sale.

The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction. The board of review's suggested sales comparables are given less weight due to their significantly different design and amenity characteristics as well as their vastly different living area square footage as compared to the subject property. The Board concludes that the board of review did not refute the appellant's contention that the purchase price of the subject property was reflective of market value. Based on this record the Board finds the subject property had a market value of \$450,000 as of January 1, 2019. Since market value has been determined, the Cook County Real Property Assessment Classification Ordinance level of assessment for class 2 property of 10% shall apply. A reduction in the subject's assessment commensurate with the appellant's request is therefore appropriate.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
