

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Geary Depue
DOCKET NO.: 19-43176.001-R-1
PARCEL NO.: 30-18-131-009-0000

The parties of record before the Property Tax Appeal Board are Geary Depue, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,260
IMPR.: \$1,573
TOTAL: \$3,833

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 75-year-old, one-story, building of frame construction containing 699 square feet of gross building area. Features of the subject include a crawl space and a three-car garage. The property is situated on 7,535 square feet of land in Thornton Township, Cook County. The subject is classified as a Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument, the appellant submitted a settlement statement disclosing the subject property was purchased on July 17, 2018, for \$20,000. The subject's sale price reflects a market value of \$28.61 per square foot of gross building area including land. The appellant provided information in Section IV—Recent Sale Data of the Residential Appeal that the subject was not transferred between related parties; was

advertised and sold by owner; was not sold using a contract for deed; and was not sold due to a foreclosure. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the purchase price when applying the 2019 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$3,833. The subject's assessment reflects a market value of \$38,330, or \$54.84 per square foot when applying the 2019 level of assessment of 10.00% for Class 2 property under the Cook County Real Property Assessment Classification Ordinance. In support of its contention of the correct assessment, the board of review submitted information on four suggested comparable sale properties that sold from 2017 through 2019.

In rebuttal, the appellant argued that the comparable properties submitted as evidence by the board of review should be given diminished weight because they were dissimilar to the subject in various key property characteristics. The appellant submitted a two-page essay purporting to define an arm's-length transaction. The appellant reaffirmed the request for an assessment reduction.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be sales comparables #1 through #4 submitted by the board of review. These comparables were similar with the subject in location, style, construction, features, age, living area and land area. These properties also sold proximately in time to the assessment date at issue. The comparables sold for prices ranging from \$105.63 to \$140.04 per square foot of living area, including land. The subject's assessment reflects a market value of \$54.84 per square foot of living area, including land, which is below the range established by the best comparable sales in this record.

The Board gave little weight to the subject's sale because it did not occur proximately in time to the assessment date at issue. Although the subject sold in 2018, the lien year was 2019 and the board of review submitted two recent sales that closed in the lien year. The sale did not have all the elements of an arm's-length transaction for fair cash value as there was no evidence supporting the appellant's assertion the subject property had been advertised or exposed on the open market.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
