

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nimesh Patel
DOCKET NO.: 19-44089.001-R-1
PARCEL NO.: 10-18-204-034-0000

The parties of record before the Property Tax Appeal Board are Nimesh Patel, the appellant(s), by attorney Ciarra Schmidt, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,895
IMPR.: \$158,965
TOTAL: \$182,860

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2019 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 6,601 square feet of living area. The appellant discloses that the dwelling was one year old, the board of review noted that the subject was 4 years of age. Features of the home include a full finished basement with a formal recreation room, central air conditioning, three fireplaces and a three-car garage. The property has an 29,869 square foot site and is located in Morton Grove, Niles Township, Cook County. The subject is classified as a class 2-09 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on five suggested equity comparables with varying degrees of similarities to the subject. The appellant did not report the exact proximity of the comparables to the subject but disclosed that only one of the comparables had the same

neighborhood code as the subject. The comparables had improvement assessments ranging from \$13.70 to \$15.08 per square foot of living area. The appellant requested the subject's total assessment be reduced to \$118,421.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,860. The subject property has an improvement assessment of \$158,965 or \$24.08 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparables with varying degrees of similarity to the subject. The board of review did not report the exact proximity of the comparables to the subject but disclosed that the comparables did not have the same neighborhood code as the subject. The comparables had improvement assessments that ranged from \$24.68 to \$30.91 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant has not *met* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *the appellant's comparable #1, #4 and #5 and the board of review's comparables #1 and #3*. These comparables had improvement assessments that ranged from \$13.70 to \$28.99 per square foot of living area. The subject's improvement assessment of \$24.08 per square foot of living area falls within the range established by the best comparables in this record. After considering the differences between the comparables and the subject, the Board finds the subject's improvement assessment is supported. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
